

ABOUT THE COLLECTION:

The revised and expanded edition of *Negev and the Wilderness* includes more than 700 photographs of Beersheba, Arad, a tabernacle model, as well as sites on the Spice Route, the Negev Highlands, and the Wilderness. All images are high-resolution (1600 x 1200 or higher) jpeg files, appropriate for projecting in a classroom, viewing on a computer, or personal printing. The photographs are illuminated by extensive annotations included in pre-made PowerPoint files organized by region and site.

ABOUT THE PHOTOGRAPHER:

Todd Boles is Associate Professor of Biblical Studies at The Master's College. For the last two decades he has traveled throughout the Middle East, and for more than ten years he lived and taught at the college's Israel campus near Jerusalem. Select photographs from his colleagues and friends are also included.

War, Memory, and National Identity in the Hebrew Bible Jacob L. Wright, 2020-07-23 The Hebrew Bible is permeated with depictions of military conflicts that have profoundly shaped the way many think about war Why does war occupy so much space in the Bible In this book Jacob Wright offers a fresh and fascinating response to this question War pervades the Bible not because ancient Israel was governed by religious factors such as holy war or because this people along with its neighbors in the ancient Near East was especially bellicose The reason is rather that the Bible is fundamentally a project of constructing a new national identity for Israel one that can both transcend deep divisions within the population and withstand military conquest by imperial armies Drawing on the intriguing interdisciplinary research on war commemoration Wright shows how biblical authors like the architects of national identities from more recent times constructed a new and influential notion of peoplehood in direct relation to memories of war both real and imagined This book is also available as Open Access on Cambridge Core **My Promised Land** Ari Shavit, 2014-01-16 A groundbreaking and authoritative examination of Israel by one of the most influential columnists writing about the Middle East today Facing unprecedented internal and external pressures Israel today is at a moment of existential crisis My Promised Land tells the story of Israel as it has never been told before and asks difficult but important questions Why did Israel come to be How did it come to be And can Israel survive Through revealing stories of significant events and lives of ordinary individuals the youth group leader who recognised the potential of Masada as a powerful symbol for Zionism the young farmer who bought an orange grove from his Arab neighbour in the 1920s and helped to create a booming economy in Palestine the engineer who was instrumental in developing Israel's nuclear program the religious Zionists who started the settler movement Israeli journalist Ari Shavit illuminates the issues and threats that Israel is currently facing and uses the defining events of the past to shed new light on the present The result is a landmark portrait of a small vibrant country living on the edge whose identity and presence play a crucial role in today's global political landscape Excavations in the City of David, Jerusalem (1995-2010) Ronny Reich, Eli Shukron, 2021-09-15 The City of David more specifically the southeastern hill of first and second millennium BCE Jerusalem

has long captivated the imagination of the world Archaeologists and historians biblical scholars and clergy Christians Muslims and Jews and tourists and armchair travelers from every corner of the globe to say nothing of politicians of all stripes look to this small stretch of land in awe amazement and anticipation In the City of David in the ridge leading down from the Temple Mount hardly a stone has remained unturned Archaeologists have worked at a dizzying pace digging and analyzing But while preliminary articles abound there is a grievous lack of final publications of the excavations a regrettable limitation on the ability to fully integrate vital and critical results into the archaeological reconstruction of ancient Jerusalem Excavations of the City of David are conducted under the auspices of the Israel Antiquities Authority The Authority has now partnered with the Center for the Study of Ancient Jerusalem and its publication arm the Ancient Jerusalem Publication Series for the publication of reports that are written and designed for the scholar as well as for the general reader Excavations in the City of David APJ 1 is the first volume in this series

Bedouin Culture in the Bible Clinton Bailey, 2018-10-23 The first contemporary analysis of Bedouin and biblical cultures sheds new light on biblical laws practices and Bedouin history Written by one of the world's leading scholars of Bedouin culture this groundbreaking book sheds new light on significant points of convergence between Bedouin and early Israelite cultures as manifested in the Hebrew Bible Bailey compares Bedouin and biblical sources identifying overlaps in economic activity material culture social values social organization laws religious practices and oral traditions He examines the question of whether some early Israelites were indeed nomads as the Bible presents them offering a new angle on the controversy over the identity of the early Israelites and a new cultural perspective to scholars of the Bible and the Bedouin alike

The Invention of the Land of Israel Shlomo Sand, 2012-11-20 This groundbreaking work deconstructs the age old legends surrounding the Holy Land of Israel and the prejudices that continue to suffocate it What is a homeland and when does it become a national territory Why have so many people been willing to die for them throughout the 20th century What is the essence of the Promised Land Following the acclaimed and controversial Invention of the Jewish People Shlomo Sand examines the mysterious sacred land that has become the site of the longest running national struggle of the 20th century Sand's account dissects the concept of historical right and tracks the invention of the modern geopolitical concept of the Land of Israel by 19th century Evangelical Protestants and Jewish Zionists This invention he argues not only facilitated the colonization of the Middle East and the establishment of the State of Israel it is also what is threatening the existence of the Jewish state today

The Last Day Glenn Kleier,1999-07-05 An apocalyptic thriller centered around a mysterious woman with extraordinary powers **The Sacred Bridge** Anson F. Rainey,R. Steven Notley,2014 Of all the writings held sacred by the world s religions only the Bible presents a message linked to geography This is not just the location of religious centers but the experience of a people in its land a people that has insisted on its God given right to self identity throughout the ages and in defiance of all forces that sought to deny it All Jews and Christians who profess to find the source of their faith in these Scriptures look to the experiences of that people depicted in the Bible as examples and role models for their search after the Divine will and for their moral conduct among men The religious experiences of that ancient people took place in relation to a geographical setting generally a small postage stamp on the face of the globe a patch of terrain in the southern part of the eastern Mediterranean littoral The Bible is replete with geographical information not as a guidebook for travelers or a textbook on geography but often almost incidental to the message Yet without the geography that message is often obscured or vitiated for the uninformed reader The present atlas seeks to introduce the reader to the geographical elements that can help to make real the social historical and spiritual experience of the People of the Book Publisher
