**Monterey Peninsula** Kim Coventry, 2002 From the building of Hotel Del Monte in 1880 to the completion of the Pacific Coast Highway in 1937 connecting the peninsula to the redwood forests of Big Sur and San Simeon beyond the history of the Monterey Peninsula is the story of the development of a collection of coastal communities each with its own unique character Captured here in over 200 vintage images is the heritage of these seaside communities and their role in the peninsula s history The Monterey Peninsula is home to some of the most famous and most photographed shoreline in the world Pictured in this book is the peninsula s golden era explored through images that document the growth of Carmel Pacific Grove Monterey Pebble Beach Point Lobos and Big Sur Here you will find rare photographs of Cannery Row the mission at Carmel the bathhouse at Lover s Point the bridges of the Pacific Coast Highway the cottages of Carmel the adobes of Monterey and the cypress trees of Pebble Beach Included in these pages are images from the author s collection as well as from the Monterey Public Library and Carmel s Harrison Memorial Library Many of these have never been published The Pictorial Story of America Elia Wilkinson Peattie, 1895 Artists at Continent's End Scott A. Shields, 2006-04-17 From 1875 to the first years of the twentieth century artists were drawn to the towns of Monterey Pacific Grove and then Carmel Artist at Continent s End is the first in depth examination of the importance of the Monterey Peninsula which during this period came to epitomize California art Beautifully illustrated with a wealth of images including many never before published this book tells the fascinating story of eight principal protagonists Jules Tavernier William Keith Charles Rollo Peters Arthur Mathews Evelyn McCormick Francis McComas Gottardo Piazzoni and photographer Arnold Genthe and a host of secondary players who together established an enduring artistic legacy prospectus **The Death and Life of Monterey Bay** Stephen R Palumbi, Carolyn Sotka, 2011-01-26 Anyone who has ever stood on the shores of Monterey Bay watching the rolling ocean waves and frolicking otters knows it is a unique place But even residents on this idyllic California coast may not realize its full history Monterey began as a natural paradise but became the poster child for industrial devastation in John Steinbeck s Cannery Row and is now one of the most celebrated shorelines in the world It is a remarkable story of life death and revival told here for the first time in all its stunning color and bleak grays The Death and Life of Monterey Bay begins in the eighteenth century when Spanish and French explorers encountered a rocky shoreline brimming with life raucous sea birds abundant sea otters barking sea lions halibut the size of wagon wheels waters thick with whales A century and a half later many of the sea creatures had disappeared replaced by sardine canneries that sickened residents with their stench but kept the money flowing When the fish ran out and the climate turned the factories emptied and the community crumbled But today both Monterey s economy and wildlife are resplendent How did it happen The answer is deceptively simple through the extraordinary acts of ordinary people The Death and Life of Monterey Bay is the biography of a place but also of the residents

who reclaimed it Monterey is thriving because of an eccentric mayor who wasn't afraid to use pistols axes or the force of law to protect her coasts It is because of fishermen who love their livelihood scientists who are fascinated by the sea's mysteries and philanthropists and community leaders willing to invest in a world class aquarium The shores of Monterey Bay revived because of human passion passion that enlivens every page of this hopeful book *Three Centuries of Custom Houses* National Society of the Colonial Dames of America,1972 **The Other Californians** Robert F. Heizer, Alan J. Almquist, Alan F. Almquist, 1977-09-12 A major contribution to California historiography will allow other scholars to analyze more fully the origins of racism and the range of ethnic experiences in California Pacific Historical Review A rare and realistic examination of American racism at work It should be placed in the hands of every American who questions the reality of American racism Race and Schools Women and the Conquest of California, 1542-1840 Virginia M. Bouvier, 2004-08 Studies of the Spanish conquest in the Americas traditionally have explained European Indian encounters in terms of such factors as geography timing and the charisma of individual conquistadores Yet by reconsidering this history from the perspective of gender roles and relations we see that gender ideology was a key ingredient in the glue that held the conquest together and in turn shaped indigenous behavior toward the conquerors This book tells the hidden story of women during the missionization of California It shows what it was like for women to live and work on that frontier and how race religion age and ethnicity shaped female experiences It explores the suppression of women's experiences and cultural resistance to domination and reveals the many codes of silence regarding the use of force at the missions the treatment of women indigenous ceremonies sexuality and dreams Virginia Bouvier has combed a vast array of sources including mission records journals of explorers and missionaries novels of chivalry and oral histories and has discovered that female participation in the colonization of California was greater and earlier than most historians have recognized Viewing the conquest through the prism of gender Bouvier gives new meaning to the settling of new lands and attempts to convert indigenous peoples By analyzing the participation of women both Hispanic and Indian in the maintenance of or resistance to the mission system Bouvier restores them to the narrative of the conquest colonization and evangelization of California And by bringing these voices into the chorus of history she creates new harmonies and dissonances that alter and enhance our understanding of both the experience and meaning of conquest **Catalog of Copyright Entries.
