Carmina Gadelica Alexander Carmichael, *Strathclyde and the Anglo-Saxons in the Viking Age* Tim Clarkson, 2014-12-21 This book traces the history of relations between the kingdom of Strathclyde and Anglo Saxon England in the Viking period of the ninth to eleventh centuries AD. It puts the spotlight on the North Britons or Cumbrians, an ancient people whose kings ruled from a power base at Govan on the western side of present day Glasgow. In the tenth century these kings extended their rule southward from Clydesdale to the southern shore of the Solway Firth, bringing their language and culture to a region that had been in English hands for more than two hundred years. They played a key role in many of the great political events of the time, whether leading their armies in battle or forging treaties to preserve a fragile peace. Their extensive realm, which was also known as Cumbria, was eventually conquered by the Scots but is still remembered today in the name of an English county. How this county acquired the name of a long vanished kingdom centred on the River Clyde is one of the topics covered in this book. It is part of a wider history that forms an important chapter in the story of how England and Scotland emerged from the early medieval period or Dark Ages as the countries we know today.

Scotland's Merlin Tim Clarkson, 2016-05-19 Who was Merlin? Is the famous wizard of Arthurian legend based on a real person? In this book, Merlin's origins are traced back to the story of Lailoken, a mysterious wild man who is said to have lived in the Scottish Lowlands in the sixth century AD. The book considers the question of whether Lailoken belongs to myth or reality. It looks at the historical background of his story and discusses key characters such as Saint Kentigern of Glasgow and King Rhydderch of Dumbarton, as well as important events such as the Battle of Arfderydd. Lailoken's reappearance in medieval Welsh literature as the fabled prophet Myrddin is also examined. Myrddin himself was eventually transformed into Merlin, the wizard, King Arthur's friend and mentor. This is the Merlin we recognise today, not only in art and literature but also on screen. His earlier forms are less familiar, more remote, but can still be found among the lore and legend of the Dark Ages. Behind them, we catch fleeting glimpses of an original figure who perhaps really did exist: a solitary fugitive, tormented by his experience of war, who roamed the hills and forests of southern Scotland long ago.

The Declaration of Arbroath Sir James Fergusson, 1970

The Atlantic Celts Simon James, 1999 The Celtic peoples of the British Isles hold a fundamental place in our national consciousness. In this book, Simon James surveys ancient and modern ideas of the Celts and challenges them in the light of revolutionary new thinking on the Iron Age peoples of Britain. Examining how ethnic and national identities are constructed, he presents an alternative history of the British Isles, proposing that the idea of insular Celtic identity is really a product of the rise of nationalism in the eighteenth century. He considers whether the Celticness of the British Isles is a romantic fantasy, even a politically dangerous falsification of history, which has implications in the current debate on devolution and self-government for the Celtic regions.
