Picture Of Lewis And Clark:

A Picture Book of Lewis and Clark David A. Adler, 2019 *The Journey of York* Hasan Davis, 2021-08-15 Thomas Jefferson's Corps of Discovery included Captains Lewis and Clark and a crew of 28 men to chart a route from St Louis to the Pacific Ocean. All the crew but one volunteered for the mission. York, the enslaved man taken on the journey, did not choose to go. Slaves did not have choices. York's contributions to the expedition, however, were invaluable. The captains came to rely on York's judgement, determination, and peacemaking role with the American Indian nations they encountered. But as York's independence and status rose on the journey, the question remained: what status he would carry once the expedition was over. This is his story. Provided by publisher *Lewis and Clark and Me* Laurie Myers, 2002-08 Seaman Meriwether Lewis's Newfoundland dog describes Lewis and Clark's expedition, which he accompanied from St Louis to the Pacific Ocean. *The Journals of Lewis and Clark* Meriwether Clark, William Lewis, 2018-09-20 Reproduction of the original *The Journals of Lewis and Clark* by Meriwether Lewis, William Clark **A Picture Book of Sacagawea** David A. Adler, 2001-01-01 A concise look at the legendary Shoshone woman who led explorers Lewis and Clark on their route from the Dakotas to the Pacific Ocean. Born in the Rocky Mountains, Sacagawea was taken captive and held hundreds of miles away from home for years. When Meriwether Lewis and William Clark came through her new village, Sacagawea was offered as a guide since the explorers were heading toward Shoshone territory where she was from. Pregnant with her first child and the only woman on the expedition, she accompanied them through the frigid winter of 1804-05 and gave birth to her son as the group traveled west. Her knowledge of the land, interpretation skills, and diplomatic manner were of great use to the team and helped ensure a successful voyage. This child-friendly narrative of Sacagawea's intrepid life contains memorable facts, history, and context, accompanied by elegant illustrations. Back matter includes a timeline, author's note, and bibliography. **The Lewis & Clark Trail** Richard Mack, 2004 In *The Lewis Clark Trail: American Landscapes*, the vistas and majesty of the Lewis Clark Trail have been brought to life in a magnificent set of 248 color photographs. Richard spent two years visiting key locations along the Lewis Clark Trail by plane, auto, and on foot, shooting specific locations at the same time of year as was originally experienced some 200 years ago. The result is an extraordinary set of images capturing the incredible diversity of the American landscape. The Lewis Clark Expedition, also known as the Corps of Discovery, is regarded as one of the epic stories in American history. The trail stretches across the American landscape, starting in St Louis and following the Missouri River through the woodlands of the Midwest, onto the Great Plains, across Montana, entered the Bitterroot Mountains in Idaho, and glided down the Clearwater, Snake, and Columbia rivers to the Pacific Ocean. The pioneering exploits of the Corps of Discovery have been thoroughly chronicled in thousands of pages of narrative by historians, as well as in the journals of Meriwether Lewis and William Clark. These words detailing the sense of discovery and the wonder of viewing untouched landscapes essentially were the only pictures from this expedition. Until now *The Journals of the Lewis and Clark Expedition, Volume 12*, 1983 In

I Am Sacajawea, I Am York Claire Rudolph Murphy, 2005-10-01 When Lewis and Clark's Corps of Discovery set out in the spring of 1804 they had chosen to go on an unprecedented extremely dangerous journey. It would be the adventure of a lifetime. Unlike others in the group two key members did not choose to join the hazardous expedition: York, Clark's slave, and Sacajawea, considered to be the property of Charbonneau, the expedition's translator. The unique knowledge and skills Sacajawea and York had were essential to the success of the trip. The dual stories of these two outsiders who earned their way into the inner core of the Lewis and Clark Expedition shed new light on one of the most exciting and important undertakings in American history. Claire Rudolf Murphy is the author of many books including *Children of the Gold Rush* which *School Library Journal* lauded as a positive satisfying immersion into a little known subject. After living in Alaska for twenty four years, Claire returned to her hometown of Spokane, Washington with her husband and two children. She felt drawn to Sacajawea's and York's stories when she started hiking around the region and realized that she had grown up only 105 miles away from the Lewis and Clark trail and about 400 miles from where Sacajawea and York voted on where to build their winter fort. Higgins Bond illustrated *The Seven Seas Exploring the World Ocean* for Walker Company. *School Library Journal* commented that her realistic vivid illustrations in *The Seven Seas* envelop and transport readers to these waters. Higgins earned her BFA from the Memphis College of Art. She has illustrated numerous children's books and created commemorative stamps for the U.S. Postal Service. She lives in Nashville, Tennessee.

Lewis and Clark Among the Indians (Bicentennial Edition) James P. Ronda, 2014-04-01 Particularly valuable for Ronda's inclusion of pertinent background information about the various tribes and for his ethnological analysis. An appendix also places the Sacagawea myth in its proper perspective. Gracefully written, the book bridges the gap between academic and general audiences.
