He's a famous rock star having trouble finding his voice She has a mouth that gets her in trouble What happens when her mouth meets his lips and everything turns explosive Little did he know when he woke up this morning that a short redhead would destroy his perfect Maserati driving world Those were the first words I said when I set eyes on the hot as sin rock star's long wide car It was beautiful Hunter Six was gorgeous He may be rich famous and one of the most talented singers of this century but that didn't mean he could get away with what he did to my mom Willa Jones just played you bro That's what my brother said to me after a beautiful woman ripped apart my life with a little piece of chalk Let me preface that with a fact The image she drew of a specific part of my body was a whole lot bigger in real life Despite her ridiculously inaccurate depiction of me she tricked me into taking my picture My days of living in obscurity taking a break from the rock star life were numbered destroyed by a fiery redhead When she finally threw the chalk to the ground I watched a particular part of her body sashay away and knew I'd never get her out of my head      Well-Being in the Information Society: When the Mind Breaks Hongxiu Li, Maehed Ghorbanian Zolbin, Robert Krimmer, Jukka Kärkkäinen, Chenglong Li, Reima Suomi, 2022-08-17

*Millions Like Us?* Nick Hayes, Jeff Hill, 1999-04-01 This collection of essays brings together the latest historical research on cultural production and reception during the Second World War Its starting point is how this war was presented to and

understood by contemporaries and how they differentiated it from earlier conflicts Although this was particularly noticeable in the construction of ideas of inclusiveness and commonality where the people pulled together to secure victory and a socially equitable peace the essays also seek to explore the diversity of institutional and personal experiences Essays look at major national institutions and industries such as the recently formed BBC the culturally diverse and rapidly expanding commercial press and the British film industry The collection explores the role of the individual agent with studies on established writers and composers and how each related to the collective rationales of wartime
