broadcast television is an established part of the lives of many millions of people all over the world bringing information and
entertainment directly into our homes This three volume collection provides source materials for those with a new interest in
the history of early television and is a valuable resource for researchers requiring access to facsimiles of original texts The
set consists of two important 1920s 1930s books relating to television and a collection of short articles covering the social
aesthetic and technical aspects of the medium Items range from 1870s prophecies experiments and cartoons to 1930s
accounts of the first public broadcasting systems in Britain Germany and the USA The pieces are from newspapers specialist
journals of the period and popular magazines Technical articles included are chosen for their accessibility to non specialists
with limited technical knowledge The selection comments on the progress of television in many parts of the world The set
includes a general introduction by the editor which places each item in context and provides a comprehensive account of the
medium through 1940 The second volume starts with another selection from Television magazine and also includes selected
chapters from the Book of Practical Television *American Country Houses of the Gilded Age* A. Lewis,2013-03-21

phenomenon that originated in England in the late eighteenth century was quickly adopted in the United State and northern
Europe and gradually proliferated throughout the world These bucolic settings offered an ideal lifestyle typically outside the
city but accessible by streetcar train and automobile Today the principles of the garden city movement are once again in play
as retrofitting the suburbs has become a central issue in planning Strategies are emerging that reflect the goals of garden
suburbs in creating metropolitan communities that embrace both the intensity of the city and the tranquility of nature
Paradise Planned is the comprehensive encyclopedic record of this movement a vital contribution to architectural and
planning history and an essential recourse for guiding the repair of the American townscape **The British Review ...**
