**The Image of the Unseen God** Thomas E. Hosinski, 2017 The Image of the Unseen God develops a novel understanding of God and God's action compatible with the teachings of Jesus the Christian tradition and contemporary science *Things Not Seen* Andrew Clements, 2006-04-20 Winner of American Library Association Schneider Family Book Award Bobby Phillips is an average fifteen year old boy Until the morning he wakes up and can't see himself in the mirror Not blind not dreaming Bobby is just plain invisible There doesn't seem to be any rhyme or reason to Bobby's new condition even his dad the physicist can't figure it out For Bobby that means no school no friends no life He's a missing person Then he meets Alicia She's blind and Bobby can't resist talking to her trusting her But people are starting to wonder where Bobby is Bobby knows that his invisibility could have dangerous consequences for his family and that time is running out He has to find out how to be seen again before it's too late

**Evidence of Things Unseen** Marianne Wiggins, 2022-05-03 This poetic novel by the acclaimed author of *John Dollar* and *Properties of Thirst* describes America at the brink of the Atomic Age In the years between the two world wars the future held more promise than peril but there was evidence of things unseen that would transfigure our unquestioned trust in a safe future Fos has returned to Tennessee from the trenches of France Intrigued with electricity bioluminescence and especially x rays he believes in science and the future of technology On a trip to the Outer Banks to study the Perseid meteor shower he falls in love with Opal whose father is a glassblower who can spin color out of light Fos brings his new wife back to Knoxville where he runs a photography studio with his former Army buddy Flash A witty rogue and a staunch disbeliever in Prohibition Flash brings tragedy to the couple when his appetite for pleasure runs up against both the law and the Ku Klux Klan Fos and Opal are forced to move to Opal's mother's farm on the Clinch River and soon they have a son Lightfoot But when the New Deal claims their farm for the TVA Fos seeks work at the Oak Ridge Laboratory Site X in the government's race to build the bomb And it is there when Opal falls ill with radiation poisoning that Fos's great faith in science deserts him Their lives have traveled with touching inevitability from their innocence and fascination with things that glow to the new world of manmade suns Hypnotic and powerful *Evidence of Things Unseen* constructs a heartbreaking arc through twentieth century American life and belief

**The Unseen Eye** William M. Hunt, 2011 collection of photographs assembled around a particular theme in each image the gaze of the subject is averted the face obscured or the eyes firmly closed The pictures present a catalog of anti portraiture characterized at first glance by what its subjects conceal not by what the camera reveals Amassed over the course of thirty years by New York collector W M Hunt the collection includes works by masters such as Richard Avedon Diane Arbus Imogen Cunningham William Klein Robert Mapplethorpe and Robert Frank as well as lesser known artists and vernacular images book jacket *Unseen* Sara Hagerty, 2017-08-29 How do we find contentment in God when we feel so hidden Sara Hagerty unfolds the truths found in the biblical story of Mary of Bethany to discover the scandalous love of God and explore the spiritual richness of being hidden in

him Every heart longs to be seen and understood Yet most of our lives is unwitnessed We spend our days working driving parenting We sometimes spend whole seasons feeling unnoticed and unappreciated In *Unseen* Sara Hagerty suggests that this is exactly what God intended He is the only One who truly knows us He is the only One who understands the value of the unseen in our lives When this truth seeps into our souls we realize that only when we hide ourselves in God can we give ourselves to others in true freedom and know the joy of a deeper relationship with the God who sees us Our culture applauds what we can produce what we can show what we can upload to social media Only when we give all of ourselves to God unedited abandoned apparently wasteful in its lack of productivity can we live out who God created us to be As Hagerty writes Maybe my seemingly unproductive looking up at Him life produces awe among the angels Through an eloquent exploration of both personal and biblical story Hagerty calls us to offer every unseen minute of our lives to God God is in the secret places of our lives that no one else witnesses But we've not been relegated to these places We've been invited We may be wasting ourselves in a hidden corner today The cubicle on the fourth floor The hospital bedside of an elderly parent The laundry room But these are the places God uses to meet us with a radical love These are the places that produce the kind of unhinged love in us that gives everything at His feet whether or not anyone else ever proclaims our name whether or not anyone else ever sees God's invitation is not just for a season or a day It is the question of our lives When no one else applauds you when it makes no sense when you see no results will you waste your love on Me Seeing and savouring Jesus Christ JOHN PIPER, 2020-05-21 Who is Jesus Christ You've never met Him in person and you don't know anyone who has But there is a way to know who he is How Jesus Christ the divine Person revealed in the Bible has a unique excellence and a spiritual beauty that speaks directly to our souls and says Yes this is truth It's like seeing the sun and knowing that it is light or tasting honey and knowing that it is sweet The depth and complexity of Jesus shatter our simple mental frameworks He baffled proud scribes with his wisdom but was understood and loved by children He calmed a raging storm with a word but would not get himself down from the cross Look at the Jesus of the Bible Keep your eyes open and fill them with the portrait of Jesus in God's Word Jesus said If anyone's will is to do God's will He will know whether the teaching is from God or whether I am speaking on my own authority Ask God for the grace to do His will and you will see the truth of His Son John Piper has written this book in the hope that all will see Jesus for who he really is and will come to enjoy him above all else

*The Evidence of Things Not Seen* James Baldwin, 2023-01-17 Over twenty two months in 1979 and 1981 nearly two dozen children were unspeakably murdered in Atlanta despite national attention and outcry they were all Black James Baldwin investigated these murders the Black administration in Atlanta and Wayne Williams the Black man tried for the crimes Because there was only evidence to convict Williams for the murders of two men the children's cases were closed offering no justice to the families or the country Baldwin's incisive analysis implicates the failures of integration as the guilt party arguing There could be no more devastating proof of this assault than the slaughter of the children As Stacey Abrams writes

in her foreword The humanity of black children of black men and women of black lives has ever been a conundrum for America Forty years on Baldwin s writing reminds us that we have never resolved the core query Do black lives matter Unequivocally the moral answer is yes but James Baldwin refuses such rhetorical comfort In this his last book by excavating American race relations Baldwin exposes the hard to face ingrained issues and demands that we all reckon with them

**Expositions of Great Pictures** Richard Henry Smith,1863     John Henry Newman Zeno,1957     **Images, Iconoclasm, and the Carolingians** Thomas F. X. Noble,2012-02-25 In the year 726 C E the Byzantine emperor Leo III issued an edict declaring images to be idols forbidden by Exodus and ordering all such images in churches to be destroyed Thus commenced the first wave of Byzantine iconoclasm which ran its violent course until 787 when the underlying issues were temporarily resolved at the Second Council of Nicaea In 815 a second great wave of iconoclasm was set off only to end in 842 when the icons were restored to the churches of the East and the iconoclasts excommunicated The iconoclast controversies have long been understood as marking major fissures between the Western and Eastern churches Thomas F X Noble reveals that the lines of division were not so clear It is traditionally maintained that the Carolingians in the 790s did not understand the basic issues involved in the Byzantine dispute Noble contends that there was in fact a significant Carolingian controversy about visual art and if its ties to Byzantine iconoclasm were tenuous they were also complex and deeply rooted in central concerns of the Carolingian court Furthermore he asserts that the Carolingians made distinctive and original contributions to the whole debate over religious art **Images Iconoclasm and the Carolingians** is the first book to provide a comprehensive study of the Western response to Byzantine iconoclasm By comparing art texts with laws letters poems and other sources Noble reveals the power and magnitude of the key discourses of the Carolingian world during its most dynamic and creative decades     *Pictures and Pleadings* John Bathurst Dickson,1871     *Our Way to Certitude* ,
