Konstantin Stijkel,2024-06-24 In Visualizing the Vision the author presents a detailed analysis of Ezekiel s temple vision from an architectural linguistic and historical approach The study demonstrates that the vision was not meant as a building instruction but as a sign of hope for the exiles in Babylon showing the temple as it will be built in a distant future when it will never again be defiled and the Glory of the Lord will return to His house forever The author takes the reader on a fascinating journey through the description of the vision s temple and provides architectural drawings of its possible construction

Meredith G. Kline,2006-03-15 From the Author s Preface It could be this octogerian s last book and there were several things I wanted to do One was to provide a primer in covenant theology Another was to make more accessible the gist of some of my previous biblio theological studies and to do so in a form serviceable to a wider readership than most of my publications The major move in this democratic direction was to enliven the analysis of the covenants by introducing the series of covenant administrations within the intriguing story line of Har Magedon the mountain of God Extending as it does from creation to consummation the tale of Har Magedon readily accommodates the total history of the covenants Moreover quite apart from such considerations the current state of secularized and dispensational versions of Armageddon fantastic fiction all makes a review of the biblical Har Magedon motif timely Though the covenants remain the theological foundation and heart of the matter by its adoption as our narrative framework Har Magedon becomes the dominant surface theme As we track this theme through the Scriptures we discover a recurring pattern an eschatological megastructure that appears in each of the typological world ages culminating respectively at mounts Ararat and Sinai Zion and then once again climactically in the antitypical New Covenant age This Har Magedon paradigm which shapes our telling of the covenantal tale consists in the following complex of elements establishment of a kingdom covenant by the Lord of Har Magedon a meritorious accomplishment by the covenant grantee triumphant in the Har Magedon conflict a common grace interim before the coming of the covenanted kingdom an antichrist crisis consummation of the Glory Kingdom through a last judgement victory of the covenant Lord in a final battle of Har Magedon If only in condensed digest fashion the present work is thus a comprehensive biblio theological survey of the kingdom of God from Eden to the New Jerusalem *The Christian Union* Henry Ward
