arte sobre el holocausto u otros importantes eventos traumáticos fueron reiteradas después del desastre del World Trade Center. Ser a el evento trivializado por las obras. Puede uno representar algo que desafía el entendimiento. El hecho de estetizar un acto de violencia distrae o disminuye su horror. Como puede uno conservar una distancia crítica y al mismo tiempo transmitir un impacto emocional. En 1999 el Museo de Arte Moderno de Bogotá Mambo presentó Arte y Violencia en Colombia desde 1948, exposición curada por Ivano Medina. La reunión de múltiples y diversos trabajos en torno al concepto aglutinador de la violencia, una condición relativamente endémica en Colombia desde la década de los años cuarenta, 3 permitieron reconocer importantes elementos comunes entre las obras expuestas. Igualmente establecí una base a partir de la cual realizar comparaciones significativas. En efecto, las obras de artistas contemporáneos como Beatriz González, Oscar Muñoz y Doris Salcedo, 4 presentan un fuerte contraste con aquellas realizadas por artistas precedentes. Además de diferenciarse en el uso de los materiales, en las técnicas y en los medios, las obras divergen en cuanto a su lenguaje visual y al tratamiento de la figura humana. En los años cincuenta y sesenta, artistas como Alejandro Obregón, Luis Ángel Rengifo, Carlos Granada, Norman Mejía y Pedro Alcántara desarrollaron un lenguaje visual simbólico y altamente expresivo. En sus obras, la figura humana aparece altamente distorsionada, fragmentada y en ocasiones eviscerada. Por contraste, en las obras de González Muñoz y Salcedo predomina un lenguaje de tipo evocativo e indicativo y la figura es representada de manera gráfica; es apenas sugerida o está totalmente ausente. Tal divergencia en el tratamiento de la figura es especialmente significativa teniendo en cuenta que todos estos artistas dan prioridad a las implicaciones humanas de acontecimientos violentos como masacres, desapariciones, ataques a poblaciones y asesinatos. No obstante, este énfasis común en las obras de González Muñoz y Salcedo, realizadas durante la década de los noventa y expuestas en el Mambo, es posible apreciar puntos de intersección en los que se reconoce una nueva postura frente al arte y la sociedad colombianos. **Enmascarando** Wan Lin Teo, 2021-11-28
