## **Pierre Bonnard:**

Pierre Bonnard Beyond Vision Lucy Whelan, 2022-05-10 An unparalleled reassessment of Pierre Bonnard exploring his paintings drawings photography and prints As one of the founders of the post Impressionist group the Nabis French artist Pierre Bonnard 1867 1947 is frequently seen as a transitional figure between the Impressionists and modernists This beautifully illustrated book offers a fresh interpretation revealing the artist s central concern with expanding representation beyond the limits of natural vision The result is a new understanding not only of Bonnard but of modernism itself Exploring how Bonnard s dazzling domestic scenes and landscapes reimagine perception embodiment and the passage of time Lucy Whelan characterizes him as a painter of unusual insight in his consideration of the relationship between vision and representation The book covers Bonnard s paintings drawings photographs and prints with special focus on his later works from the 1920s to his death in 1947 and draws on an in depth study of the artist s diaries interviews and other written sources A groundbreaking reassessment *Pierre Bonnard Beyond Vision* presents an artist engaged in avant garde forms of experimentation who complicated vision in innovative ways *Pierre Bonnard* Pierre Bonnard, Nicole R. Myers, Allison Stielau, Metropolitan Museum of Art (New York, N.Y.), 2009 The vibrant late paintings of Pierre Bonnard 1867 1947 are considered by many to be among his finest achievements Working in a small converted bedroom of his villa in the south of France Bonnard suffused his late canvases with radiant Mediterranean light and dazzling color Although his subjects were close at hand usually everyday scenes taken from his immediate surroundings such as the dining room table being set for breakfast or a jug of flowers perched on the mantelpiece Bonnard rarely painted from life Instead he preferred to make pencil sketches in small diaries and then rely on these along with his memory once in the studio This volume which accompanies the first exhibition to focus on the interior and related still life imagery from the last decades of Bonnard s long career presents more than seventy five paintings drawings and works on paper many of them rarely seen in public and in some cases little known Although Bonnard s legacy may be removed from the succession of trends that today we consider the foundation of modernism his contribution to French art in the early decades of the twentieth century is far more profound than history has generally acknowledged In their insightful essays and catalogue entries the authors bring fresh critical perspectives to the ongoing reappraisal of Bonnard s reputation and to his place within the narrative of twentieth century art Jacket **Pierre Bonnard** Guy Cogeval, Isabelle Cahn, 2016 **Pierre Bonnard** Antoine Terrasse, 1967 Pierre Bonnard, the Graphic Art Pierre Bonnard, Colta Feller Ives, Helen Emery Giambruni, Sasha M. dragonfly snakes of several sorts and even a whale not to mention ants in their seeming infinitude and a single humble potato all these and more are the subjects of what may well be the most deft and delightful book of literary miniatures ever written In Jules Renard s world plants and animals not only feel but speak one species the swallow appears to write Hebrew and yet for all the anthropomorphic wit and whimsy the author indulges in they guard their mystery too Sly funny and touching Nature Stories here beautifully rendered into English by Douglas Parm e and accompanied by the wonderful ink brush images of Pierre Bonnard with which the book was originally published is a literary classic of inexhaustible freshness

*Bonnard/Matisse* Pierre Bonnard, Henri Matisse, 1992 The letters exchanged between Pierre Bonnard and Henri Matisse from 1925 to 1946 attest to a 40 year friendship between two of the most important artists of the 20th century This volume documents an extraordinary correspondence between two great masters who respected and liked one another Bonnard and the Nabis Albert Kostenevitch, 2012-05-08 Pierre Bonnard was the leader of a group of post impressionist painters who called themselves the Nabis from the Hebrew word meaning prophet Bonnard Vuillard Roussel and Denis the most distinguished of the Nabis revolutionized the spirit of decorative techniques during one of the richest periods in the history of French painting Influenced by Odilon Redon and Puvis de Chavanne by popular imagery and Japanese etchings this post impressionist group was above all a close circle of friends who shared the same cultural background and interests An increasing individualism in their art often threatened the group s unity and although tied together by a common philosophy their work clearly diverged This publication lets us compare and put into perspective the artists within this fascinating group The works presented in this collection offer a palette of extraordinary poetic expressions candid in Bonnard ornamental and mysterious in Vuillard gently dream like in Denis grim and almost bitter in Vallotton the author shares with us the lives of these artists to the very source of their creative gifts Pierre Bonnard Pierre Bonnard, Suzanne Pagé, Musée d'art moderne de la ville de Paris, 2006 Among those painters who incontestably left their mark on twentieth century art Bonnard rises to the top again and again Museums scholars and viewers regularly return to his oeuvre for reinterpretation passionate and contradictory of what it means to be Modern In having followed a very personal calling literally and figuratively interior particularly compared to the work of friends like Matisse Bonnard created work as innovative as any of his contemporaries His recurring themes the nude both classical and erotic the landscape domestic life and the self portrait evolve with him from the nineteenth century to the twentieth from Paris to the south of France alive with constant reinvention Although for Bonnard the subject was always important his work navigates a sophisticated dialectic between the givens of perception and memory between the image before our eyes and all that it suggests This substantial reference includes work from the Hermitage and the Museum of Modern Art of the City of Paris which sponsored its publication Contributors include Yve Alain Bois Sarah Whitfield and Georges Roque Photographs from Dina Verna and Henri Cartier Bresson among others document the era and Bonnard s models as he saw them Bonnard Nicholas Watkins, 1994 In fact Bonnard began his career as a

graphic artist producing posters and illustrations for such magazines as *La Revue Blanche* Associated with Maurice Denis Edouard Vuillard and other members of the Nabis group from 1890 his early work is characterized by a tendency towards broad flat colour and asymmetrical composition derived from Gauguin and from Japanese prints From 1900 his palette became richer and his subject matter settled into a range of obsessive themes principally landscapes nudes and interiors in which he explored ever more complex formal problems and developed an unparalleled mastery of colour and light His mature work achieves a level of dazzling intensity which has ensured his enduring reputation as one of the twentieth century's great colourists
