The Nabis and Intimate Modernism Katherine M. Kuenzli, 2017-07-05 Providing a fresh perspective on an important but underappreciated group of late nineteenth century French painters this is the first book to provide an in depth account of the Nabis practice of the decorative and its significance for twentieth century modernism Over the course of the ten years that define the Nabi movement 1890-1900 its principal artists included Edouard Vuillard Pierre Bonnard Maurice Denis Paul S sier and Paul Ranson The author reconstructs the Nabis relationship to Impressionism mass culture literary Symbolism Art Nouveau Wagnerianism and a revolutionary artistic tradition in order to show how their painterly practice emerges out of the pressing questions defining modernism around 1900 She shows that the Nabis were engaged nonetheless with issues that are always at stake in accounts of nineteenth century modernist painting issues such as the relationship of

high and low art of individual sensibility and collective identity of the public and private spheres The Nabis and Intimate Modernism is a rigorous study of the intellectual and artistic endeavors that inform the Nabis decorative domestic paintings in the 1890s and argues for their centrality to painterly modernism The book ends up not only re positioning the Nabis to occupy a crucial place in modernism s development from 1860 to 1914 but also challenges that narrative to place more emphasis on notions of decoration totality and interiority *Bonnard* Raymond Cogniat,1979 **Twentieth-century Modern Masters** Sabine Rewald,1989 Published in conjunction with the exhibition held at The Metropolitan Museum of Art NYC Dec 1989 Apr 1990 The last great private collection of the art of the School of Paris 81 paintings drawings and bronzes by Bonnard Braque Dali Dubuffet Matisse Miro Picasso and Giacometti among others With accompanying essays and additional illustrations a total of 281 95 in color 10x12 1/4 Annotation copyrighted by Book News Inc Portland OR
