of ethnographic inquiry that focuses not on answering What is the Mafia but on the ontological moral and political effects of posing the question itself Her starting point is that Mafia is not a readily nameable social fact but a problem of thought produced by the absence of words Puccio Den approaches covert activities using a model of Mafiacraft which inverts the logic of witchcraft If witchcraft revolves on the lethal power of speech Mafiacraft depends on the deadly strength of silence How do we write an ethnography of phenomena that cannot be named Puccio Den approaches this task with a fascinating anthropology of silence breaking new ground for the study of the world's most famous criminal organization Catalog Library of Congress, What Fanon Said Lewis R. Gordon, 2015-04-01 Antiblack racism avows reason is white while emotion and thus supposedly unreason is black Challenging academic adherence to this notion Lewis R Gordon offers a portrait of Martinican turned Algerian revolutionary psychiatrist and philosopher Frantz Fanon as an exemplar of living thought against forms of reason marked by colonialism and racism Working from his own translations of the original French texts Gordon critically engages everything in Fanon from dialectics ethics existentialism and humanism to philosophical anthropology phenomenology and political theory as well as psychiatry and psychoanalysis Gordon takes into account scholars from across the Global South to address controversies around Fanon's writings on gender and sexuality as well as political violence and the social underclass In doing so he confronts the replication of a colonial and racist geography of reason allowing theorists from the Global South to emerge as interlocutors alongside northern ones in a move that exemplifies what Gordon argues Fanon represented in his plea to establish newer and healthier human relationships beyond colonial paradigms Tales of the Greatcoats Vol. 1 Sebastien de Castell, 2021-12 A disgraced magistrate on the run A daring swashbuckler hunted by an unstoppable assassin An investigator of the supernatural faced with a corpse that won t stop dancing Here are eight tales of the Greatcoats legendary sword fighting magistrates brought together by an idealistic young king and disbanded after his execution as a tyrant Follow along through their swashbuckling adventures their triumphs and defeats their darkest hours and their moments of shining redemption as they struggle to bring justice to a corrupt kingdom Praise for the Greatcoats First rate fiction first rate adventure first rate full stop Conn Iggulden Bestselling Author of the Wars of the Roses This is a One in a million Series Fantasy Faction Great rollicking fun combined with an emotional punch John Gwynne Bestselling Author of Malice Traitor's Blade Sebastien de Castell, 2014-07-22 With swashbuckling action that recalls Dumas s Three Musketeers Sebastien de Castell has created a dynamic new fantasy series In Traitor's Blade a disgraced swordsman struggles to redeem himself by protecting a young girl caught in the web of a royal conspiracy The King is dead the Greatcoats have been disbanded and Falcio Val Mond and his fellow magistrates Kest and Brasti have been reduced to working as bodyguards for a nobleman who refuses to pay them Things could be worse of course Their employer could be lying dead on the floor while they are forced to watch the killer plant evidence framing them for the murder Oh wait that s exactly what s happening Now a royal conspiracy is about to unfold in the most corrupt city in the

world A carefully orchestrated series of murders that began with the overthrow of an idealistic young king will end with the death of an orphaned girl and the ruin of everything that Falcio Kest and Brasti have fought for But if the trio want to foil the conspiracy save the girl and reunite the Greatcoats they ll have to do it with nothing but the tattered coats on their backs and the swords in their hands because these days every noble is a tyrant every knight is a thug and the only thing you can really **Subject Catalog, 1976** Library of Congress, 1976 Illuminations Walter Benjamin, 1986 trust is a traitor s blade Walter Benjamin was one of the most original cultural critics of the twentieth century Illuminations includes his views on Kafka with whom he felt a close personal affinity his studies on Baudelaire and Proust and his essays on Leskov and on Brecht's Epic Theater Also included are his penetrating study The Work of Art in the Age of Mechanical Reproduction an enlightening discussion of translation as a literary mode and Benjamin's theses on the philosophy of history Hannah Arendt selected the essays for this volume and introduces them with a classic essay about Benjamin's life in dark times Also included is a new preface by Leon Wieseltier that explores Benjamin's continued relevance for our times Terra 2008 Leslie Rainer, Angelyn Bass Rivera, David Gandreau, 2011-06-14 Earthen architecture constitutes one of the most diverse forms of cultural heritage and one of the most challenging to preserve It dates from all periods and is found on all continents but is particularly prevalent in Africa where it has been a building tradition for centuries Sites range from ancestral cities in Mali to the palaces of Abomey in Benin from monuments and mosques in Iran and Buddhist temples on the Silk Road to Spanish missions in California This volume s sixty four papers address such themes as earthen architecture in Mali the conservation of living sites local knowledge systems and intangible aspects seismic and other natural forces the conservation and management of archaeological sites research advances and training **Dada** Leah Dickerman, Brigid Doherty, Centre Georges Pompidou, National Gallery of Art (U.S.), Museum of Modern Art (New York, N.Y.), 2005 Edited by Leah Dickerman Essays by Brigid Doherty Sabine T Kriebel Dorothea Dietrich Michael R Taylor Janine Mileaf and Matthew S Witkovsky Foreword by Earl A Powell III Courbet's Realism Michael Fried, 1992-11-15 This book Michael Fried s work opens was written not so much chapter by chapter as painting by painting over a span of roughly ten years Courbet's Realism is a magnificent work and its very first sentence brings us up against the qualities of mind of its author qualities that make it as impressive as it is It allows us to reconstruct the keen eye the commitment to perception the gift of rapt concentration the conviction that great paintings are not necessarily understood easily and the further conviction that a great painter deserves to get from us as good as he gives By drawing on these qualities Fried achieves something out of reach for all but a handful of his colleagues In his writing art history takes on some of the character of art itself It is driven by the same stubborn resolve to open our eyes Richard Wollheim San Francisco Review of Books Courbet's Realism is clearly a major contribution to the highly active field of Courbet studies But to contribute here and now is necessarily also to contribute to central debates about art history itself and so the book is also I hesitate to say more importantly because of the way object and

method are woven together in it a major contribution to current attempts to rethink the foundations and objects of art history It will not be an easy book to come to terms with for all its engagement with contemporary literary theory and related developments it is not an application of anything and its deeply thought through arguments will not fall easily in line with the emerging shapes of the various new art histories that tap many of the same theoretical resources At this moment there may be nothing more valuable than such a work Stephen Melville Art History Ronsard Et Du Bartas en Europe Paul J. Smith, 2020-10-22 The sixteenth century French poets Pierre de Ronsard and Guillaume Du Bartas enjoyed a wide immediate and long lasting but varied and mixed reception throughout early modern Europe This volume is the first book length monograph to study the transnational reception histories of both poets in conjunction with each other It takes into account the great variety of their readerships including translators imitating poets poetical theorists illustrators and painters both male and female Marie de Gournay Anne Bradstreet some of them illustrious Tasso King James VI and I of Scotland and England Opitz others less known even obscure but worth to be saved from oblivion such as the French Marc Antoine Chalon the English Mary Roper and the Dutch poet Philibert van Borsselen This volume offers a fascinating insight into the different reception modes in Europe and their underlying political religious and literary identities Contributors include Peter Auger Denis Bja Karel Bostoen Philippe Chom ty Paola Cosentino Violaine Giacomotto Charra Alisa van de Haar P draic Lamb Anne Pascale Pouey Mounou Elisabeth Rothmund Paul J Smith and Caroline Trotot
