*Pilgrimage to Personhood* Fount Shults, 1987      *The Place of the Spirit* Sarah Morice-Brubaker, 2013-09-17 Is there any way to talk theologically about the Trinity and place What might the placedness of creation have to do with God's triunity In *The Place of the Spirit* Sarah Morice Brubaker considers how anxieties about place have influenced Trinitarian theology both what it is asked to do and the language in which it is expressed When one is nervous about collapsing God into created horizons she suggests one is apt to come up with a model of trinity that refuses place Distance becomes a primary way of situating the divine persons in relation to each other Conversely those theologians who wish to avoid a too remote God likewise recruit Trinitarian language to suit that purpose They too give that language a placial gloss expressing triunity in terms of coinherence and mutual indwelling And yet suggests Morice Brubaker the question What is place and how can one talk about God and place is underdetermined within much contemporary Trinitarian thought Thankfully this question has received full on attention in other areas of ethics philosophy and systematic theology This book calls for Trinitarian thought to avail itself of those insights and offers some ways in which it may do so      *Beyond Snakes and Shamrocks* Ross A. Lockhart, 2018-07-02 Somewhere in the mists of time between history and hagiography stands the great evangelist and missionary St Patrick Raised a cultural Christian Patrick's encounter with God during captivity in Ireland transformed his life and the history of a people Freedom from slavery and a return home to Britain produced the divine summons Vox Hibernia to return to Ireland and the place of captivity in order to witness to the gospel of Jesus Christ Christian witness in twenty first century Vancouver Seattle or Portland is a world away from fifth century Armagh Slane or Cashel Yet the great evangelist to pre Christian peoples of Hibernia has much to teach us as we seek to engage our secular post Christian context There is wisdom in the missional leadership of the one we call St Patrick that goes well beyond tales of snakes and shamrocks How might Patrick's mission experience with pre Christian peoples direct our contemporary missional encounter with post Christian peoples Come explore the story of the shepherd slave turned shepherd of souls and discover that there is power still in the legacy of Patrick when yoked with the Spirit filled presence and purpose of the risen Christ      *Pilgrimage in the Age of Globalisation* Nelia Hyndman-Rizk, 2012-04-25 This edited collection brings together a series of ethnographically grounded studies on sacred and secular pilgrimage in the age of globalisation from around the world Pilgrimage is explored as a distinctive form of mobility in late modernity which emphasises inner transformation Thus the studies in this volume show how pilgrimage unifies physical and metaphysical mobility into a holistic project of self realisation through motion

work     **Hindu Nationalism in the Indian Diaspora** Edward T.G. Anderson,2024-01-01 Hindu nationalism is transforming India as an increasingly dominant ideology and political force But it is also a global phenomenon with sections of India s vast diaspora drawn to or actively supporting right wing Hindu nationalism Indians overseas can be seen as an important even inextricable aspect of the movement This is not a new dynamic diasporic Hindutva Hindu ness has grown over many decades This book explores how and why the movement became popular among India s diaspora from the second half of the twentieth century It shows that Hindutva ideology and its plethora of organisations have a distinctive resonance and way of operating overseas the movement and its ideas perform significant particular functions for diaspora communities With a focus on Britain Edward T G Anderson argues that transnational Hindutva cannot simply be viewed as an export this phenomenon has evolved and been shaped into an important aspect of diasporic identity a way for people to connect with their homeland He also sheds light on the impact of conservative Indian politics on British multiculturalism migrant politics and relations between various minoritised communities To fully understand the Hindutva movement in India and identity politics in Britain we must look at where the two come together     **Hajj** Luitgard Mols,Marjo Buitelaar,2017-12-21 Every year in the last month of the Islamic calendar millions of Muslims from around the world come together in Mecca to perform the Hajj the pilgrimage that all capable Muslims should perform at least once in their lives In 2013 the National Museum of Ethnology in Leiden organized the exhibition Longing for Mecca The Pilgrim s Journey The chapters in this volume are the outcome of the two day symposium on the Hajj which was held at the museum in connection to the exhibition The central theme that runs through the book is how Hajj practices representations of Mecca and the exchange of Hajj related objects have changed over time The chapters in the first part of the book discuss religious social and political meanings of the Hajj Here the relationship is addressed between the significance of pilgrimage to Mecca for the religious lives of individuals and groups and the wider contexts that they are embedded in Together these anthropological contributions provide insights into the effects on Hajj practices and meanings for present day Muslims caused by current dimensions of globalization processes The second part of the book takes material expressions of the Hajj as its starting point It explores what Hajj related artifacts can tell us about the import of pilgrimage in the daily lives of Muslims in the past and present The contributions in this part of the volume point out that Mecca has always been a cosmopolitan city and the nodal point of global interactions far exceeding religious activities Together the chapters in this book depict the Hajj ritual as a living tradition Each with its own focus the various contributions testify to the fact that while the rites that make up the Hajj were formulated and recorded in normative texts in early Islam details in the actual performance and interpretations of these rites are by no means static but rather have evolved over time in tandem with changing socio political circumstances     **Embodying Charisma** Helene Basu,Pnina Werbner,2002-03-11 The continued vitality of Sufism as a living embodied postcolonial reality challenges the argument that Sufism has died in recent times Throughout India and Bangladesh Sufi shrines exist in both the rural and

urban areas from the remotest wilderness to the modern Asian city lying opposite banks and skyscrapers This book illuminates the remarkable resilience of South Asian Sufi saints and their cults in the face of radical economic and political dislocations and breaks new ground in current research It addresses the most recent debates on the encounter between Islam and modernity and presents important new comparative ethnographic material Embodying Charisma re examines some basic concepts in the sociology and anthropology of religion and the organization of religious movements

**Powers of Pilgrimage** Simon Coleman, 2022-01-18 This book offers a new theoretical framework for exploring contemporary pilgrimage exploring examples ranging from the Hajj to the Camino and arguing that pilgrimage activity should be understood not solely as going to and leaving a sacred place but also as occurring in apparently mundane or domestic times places and practices

**Pilgrimage to Broken Mountain** Alan R. Sandstrom, Pamela Effrein Sandstrom, 2023-01-20 An ethnographic study based on decades of field research Pilgrimage to Broken Mountain explores five sacred journeys to the peaks of venerated mountains undertaken by Nahua people living in northern Veracruz Mexico Punctuated with elaborate ritual offerings dedicated to the forces responsible for rain seeds crop fertility and the well being of all people these pilgrimages are the highest and most elaborate form of Nahua devotion and reveal a sophisticated religious philosophy that places human beings in intimate contact with what Westerners call the forces of nature Alan and Pamela Sandstrom document them for the younger Nahua generation who live in a world where many are lured away from their communities by wage labor in urban Mexico and the United States Pilgrimage to Broken Mountain contains richly detailed descriptions and analyses of ritual procedures as well as translations from the Nahuatl of core myths chants performed before decorated altars and statements from participants Particular emphasis is placed on analyzing the role of sacred paper figures that are produced by the thousands for each pilgrimage The work contains drawings of these cuttings of spirit entities along with hundreds of color photographs illustrating how they are used throughout the pilgrimages The analysis reveals the monist philosophy that underlies Nahua religious practice in which altars dancing chanting and the paper figures themselves provide direct access to the sacred In the context of their pilgrimage traditions the ritual practices of Nahua religion show one way that people interact effectively with the forces responsible for not only their own prosperity but also the very survival of humanity A magnum opus with respect to Nahua religion and religious practice Pilgrimage to Broken Mountain is a significant contribution to several fields including but not limited to anthropology Indigenous literatures of Mesoamerica Nahuatl studies Latinx and Chicanx studies and religious studies

**Image and Pilgrimage in Christian Culture** Victor Turner, Edith Turner, 2011-11-08 First published in 1978 Image and Pilgrimage in Christian Culture is a classic work examining the theological doctrines popular notions and corresponding symbols and images promoting and sustaining Christian pilgrimage The book examines two major aspects of pilgrimage practice the significance of context or the theological conditions giving rise to pilgrimage and the folk traditions enabling worshippers to absorb the meaning of the

event and the images and symbols embodying the experience of pilgrimage and transmitting its visions in varying ways Retelling its own tales of mere mortals confronted by potent visions such as the man Juan Diego who found redemption with the Lady of Guadalupe and the poor French shepherdess Bernadette whose encounter with the Lady at Lourdes inspired Christians across the globe this text treats religious visions as both paradox and empowering phenomena tying them explicitly to the times in which they occurred Offering vivid vignettes of social history it extends their importance beyond the realm of the religious to our own conceptions of reality Extensively revised throughout this edition includes a new introduction by the theologian Deborah Ross situating the book within the work of Victor and Edith Turner and among the movements of contemporary culture She addresses the study's legacy within the discipline especially its hermeneutical framework which introduced a novel method of describing and interpreting pilgrimage She also credits the Turners with cementing the link between mysticism popular devotion and Christian culture as well as their recognition of the relationship between pilgrimage and the deep spiritual needs of human beings She concludes with various critiques of the Turners work and suggests future directions for research

*Pilgrimage of a Soul* Phileena Heuertz, 2010-05-25 You can only go so far for so long before you find the limits of yourself For Phileena Heuertz that moment arrived mercifully around the same time as a sabbatical to mark her twelfth year of service with Word Made Flesh a ministry to some of the poorest people in the world With six months respite from the daily task of serving those who have nothing Phileena rediscovered the genius of contemplative spirituality Activists often see contemplation as a luxury the sort of thing that must necessarily be laid aside in the quest to see the world set aright But in *Pilgrimage of a Soul* we see that contemplation is essential not only to a life of sustained commitment to the justice and righteousness of God but to the growth in faith and discipleship that the Holy Spirit beckons each of us to Tracing seven movements from a kind of sleepfulness to a kind of wakefulness Heuertz shows us that life is a journey that repeats itself as we are led by Christ deeper and deeper into our true selves and a truer knowledge of God

**Epworth Review**, 1983 **Pilgrim Voices** Simon Coleman, John Elsner, 2003 Research on pilgrimage has traditionally fallen across a series of academic disciplines anthropology archaeology art history geography history and theology To date relatively little work has been devoted to the issue of pilgrimage as writing and specifically as a form of travel writing The aim of the interdisciplinary essays gathered here is to examine the relations of Christian pilgrimage to the numerous narratives which it generates and upon which it depends Authors reveal not only the tensions between oral and written accounts but also the frequent ambiguities of journeys the possibilities of shifts between secular and sacred forms and accounts of travel Above all the papers reveal the self generating and multiple authored characteristics of pilgrimage narrative stories of past pilgrimage experience generate future stories and even future journeys

*Undesirability and Her Sisters* Tiffany E. Barber, 2025-05-20 How Black women's visual work functions in an era of new racial and gender meaning In the wake of contemporary art's post Black turn and the mainstreaming of intersectionality *Undesirability and Her Sisters*

charts a new genealogy of Black women's art that exposes the unfinished project of racial and gender empowerment in the twenty first century Tiffany Barber argues that Black women's social positions at the intersection of race gender sexuality and class are inherently queer thus spurring unexpected aesthetic strategies that throw into high relief the ethical terrain of what it means to be Black and a woman now Undesirability and Her Sisters collates what Barber terms undesirable representations of Black female bodies in recent American sculpture collage photography and dance based performance art by Kara Walker Wangechi Mutu Xaviera Simmons and Narcissister These works not only engage the visual senses but also incorporate olfactory haptic and sonic experiences that challenge traditional interpretations of Blackness and womanhood in art history Black Studies feminist and gender studies dance and performance studies and queer studies Instead of transcendental beauty wholeness and individual and collective becoming the perverse Black female figures profiled here eschew sublimation and synthesis as necessary responses to racial and gender subjugation in the past present and future Through its unique groundbreaking analysis this book contributes to the ongoing discussions on the ethics of representation the capacity to speak and act for oneself to have significance and impact and ultimately to reject acknowledgment

**Philosophical Foundation of Human Rights** Paul Tiedemann, 2020-06-27 This textbook presents a range of classical philosophical approaches in order to show that they are unsuitable as a foundation for human rights Only the conception of human dignity based on the Kantian distinction between price and dignity can provide a sufficient basis The derivation of human rights from the principle of human dignity allows us to identify the most crucial characteristic of human rights namely the protection of personhood This in turn makes it possible 1 to distinguish between real moral human rights and spurious ones 2 to assess the scope of protection for many codified human rights according to the criteria of core and yard and 3 offers a point of departure for creating new unwritten human rights This philosophical basis supports a substantial reassessment of the case law on human rights which will ultimately allow us to improve it with regard to legal certainty clarity and cogency The textbook is primarily intended for advanced law students who are interested in a deeper understanding of human rights It is also suitable for humanities students and for anyone in the political or social arena whose work involves human rights and their enforcement Each chapter is divided into four parts Abstracts Lecture Recommended Reading and Questions to check reader comprehension Sample answers are included at the end of the book

**Caring for the 'Holy Land'** Claudia Liebelt, 2011-11-01 In Israel as in numerous countries of the global North Filipina women have been recruited in large numbers for domestic work typically as live in caregivers for the elderly The case of Israel is unique in that the country has a special significance as the Holy Land for the predominantly devout Christian Filipina women and is at the center of an often violent conflict which affects Filipinos in many ways In the literature migrant domestic workers are often described as being subject to racial discrimination labour exploitation and exclusion from mainstream society Here the author provides a more nuanced account and shows how Filipina caregivers in Israel have succeeded in creating their own collective spaces as well as negotiating rights and belonging While maintaining transnational ties and engaging in border crossing journeys these women seek to fulfill their dreams of a better life During this process new socialities and subjectivities emerge that point to a form of global citizenship in the making consisting of greater social economic and political rights within a highly gendered and racialized global economy
