Everything in Common? Fiona Jane Robertson Gregson, 2017-11-07 Possessions and how believers handle them are key topics in the NT In this book Fiona Gregson examines the practice and theology of sharing possessions in community in the NT by examining six diverse NT examples of sharing Each example is considered in its historical and cultural context before being compared to one or more non Christian examples to identify similarities and differences Gregson identifies common characteristics across the NT examples and consistent distinctives in how the early church shared possessions compared to the surrounding cultures Gregson s findings demonstrate that Christians subverted Roman patronage expectations Christian groups were more diverse in their membership and exhibited more flexible less structured examples of sharing Christians placed greater emphasis on the free choice of individuals to contribute to sharing and Christians more frequently participated in eating together and had a greater focus on relational bonds than was common in Graeco Roman society culture Christian Compassion Monty L. The Rise and Fall of Synanon Rod Janzen,2023-10-03 The definitive account of Synanon On a fall day in 1978 Los Angeles attorney Paul Morantz reached into his mailbox to collect his mail and was nearly killed He was bitten by the four foot long rattlesnake that had been put there by members of a cultlike group called Synanon Chuck Dederich a former Alcoholics Anonymous member who coined the phrase Today is the first day of the rest of your life established Synanon as an innovative drug rehabilitation center near the Santa Monica beach in 1958 Synanon quickly evolved into an experimental commune and religion that attracted thousands of members and was strongly committed to social justice and progressive education Twenty years later when Dederich was arrested for the Morantz attack Synanon had devolved into a paranoid community that followed its egomaniacal leader in whatever direction he chose to take Based on extensive primary sources and interviews with former members The Rise and Fall of Synanon explores how the

group arose in the context of American social political and economic trends Historian Rod Janzen argues that Synanon's downfall resulted from members giving too much power to Synanon's charismatic founder The subject of a new documentary and podcast this community serves as a mesmerizing case study of how alternative societies can change over time and how the general public's reactions to such societies can shift from tolerance to fear and opposition *Boundaries of Utopia - Imagining Communism from Plato to Stalin* Erik van Ree, 2015-05-22 The idea that socialism could be established in a single country was adopted as an official doctrine by the Soviet Union in 1925 Stalin and Bukharin being the main formulators of the policy Before this there had been much debate as to whether the only way to secure socialism would be as a result of socialist revolution on a much broader scale across all Europe or wider still This book traces the development of ideas about communist utopia from Plato onwards paying particular attention to debates about universalist ideology versus the possibility for socialism in one country The book argues that although the prevailing view is that socialism in one country was a sharp break from a long tradition that tended to view socialism as only possible if universal in fact the territorially confined socialist project had long roots including in the writings of Marx and Engels Encyclopedia of Community DAVID LEVINSON, KAREN CHRISTENSEN, 2003-06-30 The Encyclopedia of Community is a major four volume reference work that seeks to define one of the most widely researched topics in the behavioural and social sciences Community itself is a concept an experience and a central part of being human This pioneering major reference work seeks to provide the necessary definitions of community far beyond the traditional views The Quest for the New Jerusalem, Jean de Labadie and the Labadists, 1610-1744 T.J. Saxby, 2012-12-06 The history of Jean de Labadie and the Labadists has received attention through the years That attention however has more often than not fallen short in its tracing of Labadie's double migration Disaffected with the established church order of his day and motivated by a sense of prophetic mission to establish again the life of the primitive church this spiritual nomad wandered from France to Switzerland then to the United Provinces Germany and Denmark according to the vicissitudes of the times As he went he changed his affiliations from high church ever lower from the bosom of Rome to Calvinism then to congregational separatism Thus there has been ample reason to treat Labadie's life and ministry episodically be it a geographical or denominational episode and a solid grounding could be had by piecing together several of these all listed in bibliography part D M de Certeau on the Jesuit years X de Bonnault d Houet on his stay at Amiens A L Bertrand on the lost years from Amiens to Montauban J H Gerlach and W Goeters on the schism at Middelburg P Scheltema on Amsterdam L Holscher and G E Guhrauer on Herford J Lieboldt and H von Schubert on Altona B B James and H C Murphy on the colony in Maryland L Knappert on that in Surinam and any number of authorities on the Labadists in Friesland Yet there are significant gaps **Elenchus of Biblica**, 1990 **Legal Texts and Legal Issues** Kampen, Moshe Bernstein, Florentino García Martínez, 2018-11-26 This volume contains the papers presented to the second meeting of the International Organization for Qumran Studies held in Cambridge UK in 1995 The papers all dealing with the theme of the
