**Pilgrims Through Space and Time** James Osler Bailey, 1947      **Pilgrims Through Space and Time** J. O. Bailey, 1972

**Pocket companion for a pilgrim through the brief space of life, to the grand consummation of all our hopes**

Pocket companion, 1854      Pocket Companion for a Pilgrim, through the brief space of life to the grand consummation of all our hopes. [With a prefatory notice by T. R. Birks.], 1854      *We Are Pilgrims* VICTORIA. PRESTON, 2020-04-23

Like the migrating animals that our ancient ancestors once followed we have been making planned long distance journeys for millennia What was first a matter of survival in time became a celebration of seasonal abundance even today many pilgrim festivals remain tied to the solar lunar cycle that guided small bands of hunter gatherers to come together at special times and places The era when we were all nomads is long gone but the impulse to undertake a ritual journey remains each year 200 million of us embark on a pilgrimage of some kind These journeys of purpose may involve great hardship great danger or half a lifetime of waiting just to begin Ranging from the Stone Age pilgrims of Anatolia to the New Age pilgrims of California *We Are Pilgrims* is a quest to understand what drives this rich and varied human behaviour unbounded by time or space faith or identity Victoria Preston discovers that whether we set forth in search of comfort or liberation as an expression of gratitude or devotion journeys of meaning and purpose are always a powerful reminder that we are each part of something much greater than ourselves

**Pilgrims** Darius Liutikas, 2020-11-20 Values rich journeys can be described as pilgrimage spiritual travel personal heritage tourism holistic tourism and valuistic journeys There are many motivations for undertaking these journeys the most important being personal values life experience personal and social identity lifestyle social and cultural influence This book presents contributions that address pilgrim motivation identity and values as they are shaped by the broader sociological psychological cultural and environmental perspectives The focus of the book is the travellers themselves and their inner world through the lens of their pilgrimage The research presented focuses on the typology of pilgrim journeys as ways in which identity and values are presented to a post modern consumer society providing interesting and challenging perspectives on the identity of pilgrims in the 21st century      **Pilgrimage** Simon Coleman, John Elsner, 1995

From the Great Panathenaea of ancient Greece to the hajj of today people of all religions and cultures have made sacred journeys to confirm their faith and their part in a larger identity This book is a fascinating guide through the vast and varied cultural territory such pilgrimages have covered across the ages The first book to look at the phenomenon and experience of pilgrimage through the multiple lenses of history religion sociology anthropology and art history this sumptuously illustrated volume explores the full richness and range of sacred travel as it maps the cultural imagination The authors consider pilgrimage as a physical journey through time and space but also as a metaphorical passage resonant with meaning on many levels It may entail a ritual transformation of the pilgrim's inner state or outer status it may be a quest for a transcendent goal it may involve the healing of a physical or spiritual ailment Through folktales narratives of the crusades and the

firsthand accounts of those who have made these journeys through descriptions and pictures of the rituals holy objects and sacred architecture they have encountered as well as the relics and talismans they have carried home Pilgrimage evokes the physical and spiritual landscape these seekers have traveled In its structure the book broadly moves from those religions Judaism Christianity and Islam that cohere around a single canonical text to those with a multiplicity of sacred scriptures like Hinduism and Buddhism Juxtaposing the different practices and experiences of pilgrimage in these contexts this book reveals the common structures and singular features of sacred travel from ancient times to our own **Pilgrims and Sacred Sites**

**Experience of God** H. D. Lewis, 2021-08-14 First published in 1959 Our Experience of God examines the relationship between philosophy and religion The author argues that we cannot construct a religion for ourselves out of merely philosophical elements and that the attempt to provide some philosophical or similar substitute for religion as it normally presents itself is misconceived It brings themes like religion and belief belief and mystery religion and transcendence history and dogma material factors in religion symbolism and tradition art and religion religion and morality and encounter and immediacy to show that the place of philosophy in religion is not to provide proofs for beliefs but to make more explicit for us what is the nature and status of the beliefs we do hold and commend to others This book will be of interest to scholars and researchers of religion philosophy and theology *Lucrece. **The Art of Christian Alchemy** Roger Corless, 2008-10-01 The Art of Christian Alchemy is a witty and provocative book that explores in twentieth century terms the spiritual yearnings of modern people It is a magic tour through evolutionary theory and the bi cameral brain with detours into such areas as handicrafts dieting and sex But in all of these travels Roger Corless is tracking down an ancient and rich vein The Spiritual life he says is the transfiguration of the ordinary Through prayer meditation and ascetical practices we can take the ordinary stuff of life and change it into something more noble just as alchemists of old sought to transform base metals into gold The key to this transfiguration is the threefold way of work listening and praise outlined by St Benedict in the sixth century and still practiced by communities of Benedictines in the U S and elsewhere Corless initiates us into their method Ultimately he brings us to the place where St Francis Teilhard de Chardin Buddha Benedict and Jesus dwell together at the table of unity
