Canaan's Edge Taylor Branch, 2007-01-09 *At Canaan's Edge* concludes America in the King Years a three volume history that will endure as a masterpiece of storytelling on American race violence and democracy Pulitzer Prize winner and bestselling author Taylor Branch makes clear in this magisterial account of the civil rights movement that Martin Luther King Jr earned a place next to James Madison and Abraham Lincoln in the pantheon of American history **Fall of Giants: The Century**

**Trilogy 1 (Enhanced Edition)** Ken Follett, 2010-10-01 This enhanced ebook contains specially created 3D sound design pieces that further immerse the reader by amplifying iconic scenes from the book It is 1911 The Coronation Day of King George V The Williams a Welsh coal mining family is linked by romance and enmity to the Fitzherberts aristocratic coal mine owners Lady Maud Fitzherbert falls in love with Walter von Ulrich a spy at the German Embassy in London Their destiny is entangled with that of an ambitious young aide to U S President Woodrow Wilson and to two orphaned Russian brothers whose plans to emigrate to America fall foul of war conscription and revolution In a plot of unfolding drama and intriguing complexity *Fall of Giants* moves seamlessly from Washington to St Petersburg from the dirt and danger of a coal mine to the glittering chandeliers of a palace from the corridors of power to the bedrooms of the mighty The Strange Career of Jim

Crow The late C. Vann Woodward, 2001-11-29 C Vann Woodward who died in 1999 at the age of 91 was America's most eminent Southern historian the winner of a Pulitzer Prize for *Mary Chestnut's Civil War* and a Bancroft Prize for *The Origins of the New South* Now to honor his long and truly distinguished career Oxford is pleased to publish this special commemorative edition of Woodward's most influential work *The Strange Career of Jim Crow* *The Strange Career of Jim Crow* is one of the great works of Southern history Indeed the book actually helped shape that history Published in 1955 a year after the Supreme Court in *Brown v Board of Education* ordered schools desegregated *Strange Career* was cited so often to counter arguments for segregation that Martin Luther King Jr called it the historical Bible of the civil rights movement The book offers a clear and illuminating analysis of the history of Jim Crow laws presenting evidence that

segregation in the South dated only to the 1890s Woodward convincingly shows that even under slavery the two races had not been divided as they were under the Jim Crow laws of the 1890s In fact during Reconstruction there was considerable economic and political mixing of the races The segregating of the races was a relative newcomer to the region Hailed as one of the top 100 nonfiction works of the twentieth century *The Strange Career of Jim Crow* has sold almost a million copies and remains in the words of David Herbert Donald a landmark in the history of American race relations *Black against Empire* Joshua Bloom, Waldo E. Martin Jr., 2016-10-25 This timely special edition published on the fiftieth anniversary of the founding of the Black Panther Party features a new preface by the authors that places the Party in a contemporary political landscape especially as it relates to Black Lives Matter and other struggles to fight police brutality against black communities In Oakland California in 1966 community college students Bobby Seale and Huey Newton armed themselves began patrolling the police and promised to prevent police brutality Unlike the Civil Rights Movement that called for full citizenship rights for blacks within the United States the Black Panther Party rejected the legitimacy of the U S government and positioned itself as part of a global struggle against American imperialism In the face of intense repression the Party flourished becoming the center of a revolutionary movement with offices in sixty eight U S cities and powerful allies around the world *Black against Empire* is the first comprehensive overview and analysis of the history and politics of the Black Panther Party The authors analyze key political questions such as why so many young black people across the country risked their lives for the revolution why the Party grew most rapidly during the height of repression and why allies abandoned the Party at its peak of influence Bold engrossing and richly detailed this book cuts through the mythology and obfuscation revealing the political dynamics that drove the explosive growth of this revolutionary movement and its disastrous unraveling Informed by twelve years of meticulous archival research as well as familiarity with most of the former Party leadership and many rank and file members this book is the definitive history of one of the greatest challenges ever posed to American state power **The Clinton Tapes** Taylor Branch, 2009-09-29 Taylor Branch's groundbreaking book about the modern presidency *The Clinton Tapes* invites readers into private dialogue with a gifted tormented resilient president Here is what President Clinton thought and felt but could not say in public This book rests upon a secret project initiated by Clinton to preserve for future historians an unfiltered record of presidential experience During his eight years in office between 1993 and 2001 Clinton answered questions and told stories in the White House usually late at night His friend Pulitzer Prize winning author Taylor Branch recorded seventy nine of these dialogues to compile a trove of raw information about a presidency as it happened Clinton drew upon the diary transcripts for his memoir in 2004 Branch recorded his own detailed recollections immediately after each session covering not only the subjects discussed but also the look and feel of each evening with the president The text engages Clinton from many angles Readers hear candid stories feel buffeting pressures and weigh vivid descriptions of the White House settings Branch's firsthand narrative is confessional unsparing and personal The author admits straying at

times from his primary role to collect raw material for future historians because his discussions with Clinton were unpredictable and intense What should an objective prompter say when the President of the United States seeks advice argues facts or lodges complaints against the press The dynamic relationship that emerges from these interviews is both affectionate and charged with flashes of anger and humor President Clinton drives the history but this story is also about friends The Clinton Tapes highlights major events of Clinton's two terms including wars in Bosnia and Kosovo the failure of health care reform peace initiatives on three continents the anti deficit crusade and titanic political struggles from Whitewater to American history's second presidential impeachment trial Along the way Clinton delivers colorful portraits of countless political figures and world leaders from Nelson Mandela to Pope John Paul II These unprecedented White House dialogues will become a staple of presidential scholarship Branch's masterly account opens a new window on a controversial era and Bill Clinton's eventual place among our chief executives
