Spitzer,2008-01-01 Fr Spitzer President of Gonzaga University and a highly regarded spiritual teacher and writer presents a practical yet rich guide for helping busy people develop a regular and deeper prayer life Based on many successful retreats and seminars he has given to much acclaim over the years this brilliant Jesuit priest presents five essential means through which the contemplative and active aspects of our lives can be fused together for a stronger spiritual life Towers of Gold Frances Dinkelspiel,2010-01-05 Isaias Hellman a Jewish immigrant arrived in California in 1859 with very little money in his pocket and his brother Herman by his side By the time he died he had effectively transformed Los Angeles into the modern metropolis we see today In Frances Dinkelspiel s groundbreaking history the early days of California are seen through the life of a man who started out as a simple store owner only to become California s premier money man of the late 19th and early 20th century Growing up as a young immigrant Hellman quickly learned the use to which capital could be put founding LA s Farmers and Merchants

Bank that city's first successful bank and transforming Wells Fargo into one of the West's biggest financial institutions. He invested money with Henry Huntington to build trolley lines, lent Edward Doheney the funds that led him to discover California's huge oil reserves and assisted Harrison Gary Otis in acquiring full ownership of the Los Angeles Times. Hellman led the building of Los Angeles' first synagogue, the Wilshire Boulevard Temple, helped start the University of Southern California and served as Regent of the University of California. His influence, however, was not limited to Los Angeles. He controlled the California wine industry for almost twenty years and, after San Francisco's devastating 1906 earthquake and fire, calmed the financial markets there in order to help that great city rise from the ashes. With all of these accomplishments, Isaias Hellman almost single-handedly brought California into modernity. Ripe with great historical events that filled the early days of California, such as the Gold Rush and the San Francisco earthquake, Towers of Gold brings to life the transformation of California from a frontier society whose economy was driven by the barter of hides and exchange of gold dust into a vibrant state with the strongest economy in the nation. *Pillars* Rachel Pieh Jones, 2021 Gold Medal 2022 Independent Publisher Book Awards IPPY Personal friendships with Somali Muslims overcome the prejudices and expand the faith of a typical American Evangelical Christian living in the Horn of Africa. When Rachel Pieh Jones moved from Minnesota to rural Somalia with her husband and twin toddlers eighteen years ago, she was secure in a faith that defined who was right and who was wrong, who was saved and who needed saving. She had been taught that Islam was evil, full of lies and darkness, and that the world would be better without it. Luckily, locals show compassion for this blundering outsider who can't keep her headscarf on or her toddlers from tripping over AK 47s. After the murder of several foreigners forces them to evacuate, the Joneses resettle in nearby Djibouti. Jones recounts, often entertainingly, the personal encounters and growing friendships that gradually dismantle her unspoken fears and prejudices and deepen her appreciation for Islam. Unexpectedly along the way, she also gains a far richer understanding of her own Christian faith. Grouping her stories around the five pillars of Islam—creed, prayer, fasting, giving, and pilgrimage—Jones shows how her Muslim friends' devotion to these pillars leads her to rediscover ancient Christian practices her own religious tradition has lost or neglected. Jones brings the reader along as she reexamines her assumptions about faith and God through the lens of Islam and Somali culture. Are God and Allah the same? What happens when one's ideas about God and the Bible crumble and the only people around are Muslims? What happens is that she discovers that Jesus is more generous, daring, and loving than she ever imagined. **Pillar to the Sky** William R. Forstchen, 2014-02-11 A towering epic to rank with Douglas Preston's *Blasphemy* and Michael Crichton's *Prey*. Pandemic, drought, skyrocketing oil prices, dwindling energy supplies, and wars of water scarcity threaten the planet. Only four people can prevent global chaos. Gary Morgan, a brilliant renegade scientist, is pilloried by the scientific community for his belief in a space elevator, a pillar to the sky, which he believes will make space flight fast, simple, and affordable. Eva Morgan, a brilliant and beautiful scientist of Ukrainian descent, she has had a lifelong obsession to build a pillar to the sky, a vertiginous tower

which would mine the power of the sun and supply humanity with cheap limitless energy forever Gunther Rothenberg the ancient but revered rocket scientist who labored at Peenemunda with von Braun to create the first rockets and continued on to build those of today A legend he has mentored Gary and Natalia for two decades nurturing and encouraging their transcendent vision Franklin Smith the eccentric Silicon Valley billionaire who will champion their cause wage war with Congress and government bureaucracy and most important finance their herculean undertaking This journey to the stars will not be easy a tumultuous struggle filled with violence and heroism love and death spellbinding beauty and heartbreaking betrayal The stakes could not be higher Humanity's salvation will hang in the balance *Gold Chic Cicero, Sandra Tabatha Cicero, 2015-04-08* In this newly discovered text famed occultist Israel Regardie sheds light on the psychological and spiritual meaning behind the symbols and metaphors of alchemy Locked away for years before it was made available and now fully annotated by Chic and Sandra Tabatha Cicero *Gold* is the first new book by Regardie published in decades Analyzing important seventeenth century alchemical treatises such as *The True Book of the Learned Synesius* Regardie uses the language of Jungian psychology magnetism and hypnosis while citing his own unique experiences as a therapist and healer Learn about spiritual alchemy and the connection between ancient magic and modern day psychology Explore the similarities between alchemical theory Taoist philosophy yoga Zen Buddhism and experiments with the human aura With illustrations and appendices including Regardie's original text *The Art of True Healing* *Gold* is a definitive work by a true master
