Solzhenitsyn,2020-10-27 BEST NONFICTION BOOK OF THE 20TH CENTURY Time It is impossible to name a book that had a greater effect on the political and moral consciousness of the late twentieth century David Remnick The New Yorker The Nobel Prize winner s towering masterpiece of world literature the searing record of four decades of terror and oppression in one abridged volume authorized by the author Features a new foreword by Anne Applebaum Drawing on his own experiences before during and after his eleven years of incarceration and exile on evidence provided by more than 200 fellow prisoners and on Soviet archives Solzhenitsyn reveals with torrential narrative and dramatic power the entire apparatus of Soviet repression the state within the state that once ruled all powerfully with its creation by Lenin in 1918 Through truly Shakespearean portraits of its victims this man that woman that child we encounter the secret police operations the labor camps and prisons the uprooting or extermination of whole populations the welcome that awaited Russian soldiers who had been German prisoners of war Yet we also witness astounding moral courage the incorruptibility with which the occasional individual or a few scattered groups all defenseless endured brutality and degradation And Solzhenitsyn s genius has transmuted this grisly indictment into a literary miracle The greatest and most powerful single indictment of a political regime ever leveled in modern times George F Kennan Solzhenitsyn s masterpiece The Gulag Archipelago helped create the world we live in today Anne Applebaum Pulitzer Prize winning author of Gulag A History from the foreword **People Love Dead Jews** Dara Horn,2022-09-13 Renowned and beloved as a prizewinning novelist Dara Horn has also been publishing penetrating essays since she was a teenager Often asked by major publications to write on subjects related to Jewish culture and increasingly in response to a recent wave of deadly antisemitic attacks Horn was troubled to realize what all of these

assignments had in common she was being asked to write about dead Jews never about living ones In these essays Horn reflects on subjects as far flung as the international veneration of Anne Frank the mythology that Jewish family names were changed at Ellis Island the blockbuster traveling exhibition Auschwitz the marketing of the Jewish history of Harbin China and the little known life of the righteous Gentile Varian Fry Throughout she challenges us to confront the reasons why there might be so much fascination with Jewish deaths and so little respect for Jewish lives unfolding in the present Horn draws upon her travels her research and also her own family life trying to explain Shakespeare's Shylock to a curious ten year old her anger when swastikas are drawn on desks in her children's school the profound perspective offered by traditional religious practice and study to assert the vitality complexity and depth of Jewish life against an antisemitism that far from being disarmed by the mantra of Never forget is on the rise As Horn explores the not so shocking attacks on the American Jewish community in recent years she reveals the subtler dehumanization built into the public piety that surrounds the Jewish past making the radical argument that the benign reverence we give to past horrors is itself a profound affront to human dignity
