## **Pindar And Homer:**

**Pindar and Homer** Frank J. Nisetich, 1989      **Pindar's Homer** Gregory Nagy, 1990 Nagy challenges the widely held view that the development of lyric poetry in Greece represents the rise of individual innovation over collective tradition Arguing that Greek lyric represents a tradition in its own right Nagy shows how the form of Greek epic is in fact a differentiation of forms found in Greek lyric Throughout he progressively broadens the definition of lyric to the point where it becomes the basis for defining epic rather than the other way around      *Approaches to Greek Poetry* Marco Ercoles, Lara Pagani, Filippomaria Pontani, Giuseppe Ucciardello, 2019-01-14 In the last decades the field of research on ancient Greek scholarship has been the object of a remarkable surge of interest with the publication of handbooks reference works and new editions of texts This partly unexpected revival is very promising and it continues to enhance and modify both our knowledge of ancient scholarship and the way in which we are accustomed to discuss these texts and tackle the editorial and exegetical challenges they pose This volume deals with some pivotal aspects of this topic being the outcome of a three year project funded by the Italian Ministry for Education University and Research MIUR on specific aspects of the critical re appraisal of Homer Hesiod Pindar and Aeschylus in Greek culture throughout antiquity and the Middle Ages It tackles issues such as the material form of the transmission of the exegesis from papyri to codices the examination of hitherto unexplored branches of the manuscript evidence the discussion of some important scholia and the role played by the indirect tradition and the assimilation of the exegetical heritage in grammatical and lexicographical works Some strands of the ancient and medieval scholarship are here re evaluated afresh by adopting an interdisciplinary methodology which blends modern editorial techniques developed for problematic or non authorial medieval texts with current trends in the history of philology and literary criticism In their diversity of subject matter and approach the papers collected in the volume give intended readers an excellent overview of the topics of the project      Apocalypse and Golden Age Christopher Star, 2021-12-07 This book investigates the various ways that ancient Greek and Roman authors envisioned the end of the world and the role they gave to global catastrophes both past and future in shaping human history      **The Ruler's House** Harriet Fertik, 2019-12-03 How Romans used the world of the house to interpret and interrogate the role of the emperor The Julio Claudian dynasty beginning with the rise of Augustus in the late first century BCE and ending with the death of Nero in 68 CE was the first ruling family of the Roman Empire Elite Romans had always used domestic space to assert and promote their authority but what was different about the emperor's house In *The Ruler's House* Harriet Fertik considers how the emperor's household and the space he called home shaped Roman conceptions of power and one man rule While previous studies of power and privacy in Julio Claudian Rome have emphasized the emperor's intrusions into the private lives of his fellow elites this book focuses on Roman ideas of the ruler's lack of privacy Fertik argues that houses were spaces that Romans used to contest power and to confront the contingency of their own and others claims to rule Describing how the Julio Claudian period

provoked anxieties not only about the ruler's power but also about his vulnerability she reveals that the ruler's house offered a point of entry for reflecting on the interdependence and intimacy of ruler and ruled Fertik explores the world of the Roman house from family bonds and elite self display to bodily functions and relations between masters and slaves She draws on a wide range of sources including epic and tragedy historiography and philosophy and art and architecture and she investigates shared conceptions of power in elite literature and everyday life in Roman Pompeii Examining political culture and thought in early imperial Rome The Ruler's House confronts the fragility of one man rule

**The Cambridge Guide to Homer** Corinne Ondine Pache, Casey Dué, Susan Lupack, Robert Lamberton, 2020-03-05 From its ancient incarnation as a song to recent translations in modern languages Homeric epic remains an abiding source of inspiration for both scholars and artists that transcends temporal and linguistic boundaries The Cambridge Guide to Homer examines the influence and meaning of Homeric poetry from its earliest form as ancient Greek song to its current status in world literature presenting the information in a synthetic manner that allows the reader to gain an understanding of the different strands of Homeric studies The volume is structured around three main themes Homeric Song and Text the Homeric World and Homer in the World Each section starts with a series of macropedia essays arranged thematically that are accompanied by shorter complementary micropedia articles The Cambridge Guide to Homer thus traces the many routes taken by Homeric epic in the ancient world and its continuing relevance in different periods and cultures

**Studies in the Reception of Pindar in Ptolemaic Poetry** Alexandros Kampakoglou, 2019-08-05 Recent years have witnessed a revival of interest in the influence of archaic lyric poetry on Hellenistic poets However no study has yet examined the reception of Pindar the most prominent of the lyric poets in the poetry of this period This monograph is the first book to offer a systematic examination of the evidence for the reception of Pindar in the works of Callimachus of Cyrene Theocritus of Syracuse Apollonius of Rhodes and Posidippus of Pella Through a series of case studies it argues that Pindaric poetry exercised a considerable influence on a variety of Hellenistic genres epinician elegies and epigrams hymns encomia and epic poetry For the poets active at the courts of the first three Ptolemies Pindar's poetry represented praise discourse in its most successful configuration Imitating aspects of it they lent their support to the ideological apparatus of Greco-Egyptian kingship shaped the literary profile of Pindar for future generations of readers and defined their own role and place in Greek literary history The discussion offered in this book suggests new insights into aspects of literary tradition Ptolemaic patronage and Hellenistic poetics placing Pindar's work at the very heart of an intricate nexus of political and poetic correspondences

**Tragic Pleasure from Homer to Plato** Rana Saadi Liebert, 2017-04-07 This book offers a resolution of the paradox posed by the pleasure of tragedy by returning to its earliest articulations in archaic Greek poetry and its subsequent emergence as a philosophical problem in Plato's Republic Socrates claim that tragic poetry satisfies our hunger for tears hearkens back to archaic conceptions of both poetry and mourning that suggest a common source of pleasure in the human appetite for heightened forms of emotional distress By unearthing a

psychosomatic model of aesthetic engagement implicit in archaic poetry and philosophically elaborated by Plato this volume not only sheds new light on the Republic's notorious indictment of poetry but also identifies rationally and ethically disinterested sources of value in our pursuit of aesthetic states In doing so the book resolves an intractable paradox in aesthetic theory and human psychology the appeal of painful emotions      **Inventing Homer** Barbara Graziosi, 2002-04-25 Explores the ancient reception of the Homeric poems and its relation to modern approaches      *The Poetry of Translation* Matthew Reynolds, 2011-09-29 Poetry is supposed to be untranslatable But many poems in English are also translations Pope's Iliad Pound's Cathay and Dryden's Aeneid are only the most obvious examples The Poetry of Translation explodes this paradox launching a new theoretical approach to translation and developing it through readings of English poem translations both major and neglected from Chaucer and Petrarch to Homer and Logue The word translation includes within itself a picture of something being carried across This image gives a misleading idea of what goes on in any translation and poets have been quick to dislodge it with other metaphors Poetry translation can be a process of opening or pursuing desire or succumbing to passion of taking a view or zooming in or dying metamorphosing or bringing to life These are the dominant metaphors that have jostled the idea of carrying across in the history of poetry translation into English and they form the spine of Reynolds's discussion Where do these metaphors originate Wide ranging literary historical trends play their part but a more important factor is what goes on in the poem that is being translated Dryden thinks of himself as opening Virgil's Aeneid because he thinks Virgil's Aeneid opens fate into world history Pound tries to bring Propertius to life because death and rebirth are central to Propertius's poems In this way translation can continue the creativity of its originals The Poetry of Translation puts the translation of poetry back at the heart of English literature allowing the many great poem translations to be read anew      **The Reception of Greek Lyric Poetry in the Ancient World: Transmission, Canonization and Paratext**, 2019-12-09 In The Reception of Greek Lyric Poetry in the Ancient World Transmission Canonization and Paratext a team of international scholars consider the afterlife of early Greek lyric poetry iambic elegiac and melic up to the 12th century CE from a variety of intersecting perspectives reperformance textualization the direct and indirect tradition anthologies poets' Lives and the disquisitions of philosophers and scholars Particular attention is given to the poets Tyrtaeus Solon Theognis Sappho Alcaeus Stesichorus Pindar and Timotheus Consideration is given to their reception in authors such as Aristophanes Herodotus Plato Plutarch Athenaeus Aelius Aristides Catullus Horace Virgil Ovid and Statius as well as their discussion by Peripatetic scholars the Hellenistic scholia to Pindar Horace's commentator Porphyrio and Eustathius on Pindar
