Chiefs, Agents & Soldiers William Haas Moore, 1994 In Navajo history the decades immediately following the release from the Bosque Redondo in 1868 are years of privation Reunion with their homeland soothed some of the sorrow of their Long Walk but daily life for the Navajo remained nearly as harsh as at Fort Sumner In the fourteen years following their incarceration Navajo leaders struggled constantly to feed their people while abiding by the terms of their release to avoid armed conflict and cease raiding In this ethnohistory the chiefs particularly Barboncito Ganado Mucho and Manuelito emerge as extraordinary leaders who held together a fragile peace by alternately accommodating and challenging often hostile officials while convincing their people to endure hardships born of Washington's disregard for their welfare When necessary they even tracked down and punished errant Navajos whose raids threatened the peace Through the courage and patience of the chiefs working with the few conscientious agents and soldiers sent to oversee their lives the Navajo not only survived but learned how to adapt to a dominant society **Contemporary Navajo Affairs** Norman K. Eck, 1982 Describes contemporary Navajo affairs and how they have been influenced by the federal and Tribal governments **The Elkus Collection** Dorothy Koster Washburn, Robert Sayers, 1984 *New Mexico Historical Review* Lansing Bartlett Bloom, Paul A. Essays on photography and the medium's history and evolving identity In *Each Wild Idea* Geoffrey Batchen explores a wide range of photographic subjects from the timing of the medium's invention to the various implications of cyberculture Along the way he reflects on contemporary art photography the role of the vernacular in photography's history and the Australianness of Australian photography The essays all focus on a consideration of specific photographs from a humble combination of baby photos and bronzed booties to a masterwork by Alfred Stieglitz Although Batchen views each photograph within the context of broader social and political forces he also engages its own distinctive formal attributes In short he sees photography as something that is simultaneously material and cultural In an effort to evoke the lived experience of history he frequently relies on sheer description as the mode of analysis insisting that we look right at rather than beyond the photograph being discussed A constant theme throughout the book is the question of photography's past present and future identity **Stories of Traditional Navajo Life and Culture** Broderick H.
