## **Pictorialism In California:**

**Pictorialism in California** Michael Gregg Wilson, Dennis James Reed, 1994 Photographic Pictorialism was an early twentieth century movement that had its goal the romantic expression of forms of beauty In California Pictorialism took forms as varied as landscape photographs Hollywood portraits and moody evocations of modern dance This book contains one hundred photographs that illustrate the full range of the Pictorialist movement in Northern and in Southern California It includes images by such well known Pictorialists as Ansel Adams Imogene Cunningham and Edward Weston **California Dreamin'** Stacey McCarroll Cutshaw, 2004 Uncovers the very active tradition of pictorial photography practiced in California during the first half of the twentieth century California on the Breadlines Jan Goggans, 2010 Jan Goggans has found a wonderful way to explore the rich history of 1930s California by giving us a deep look at the indispensable work of economist Paul Taylor and photographer Dorothea Lange the brilliant husband wife team whose classic from 39 An American Exodus deserves a spot on the shelf right next to The Grapes of Wrath With prose that is as insightful as Taylor's own and as vivid as a Lange photograph California on the Breadlines both captures and contextualizes this hugely important period Goggans's book will surely find its own place in the canon of Californiana Rick Wartzman author of Obscene in the Extreme The Burning and Banning of John Steinbeck's The Grapes of Wrath During the Great Depression Paul Taylor and Dorothea Lange took to the embattled fields of California on behalf of a suffering nation This elegant narrative presents the national service and shared passion of two talented Americans swept up by the drama of their times and their growing discovery of each other Kevin Starr University of Southern California A rich and gorgeous book and an elegant treatment of the complex and fascinating personal professional relationship between husband and wife labor economist Paul Taylor and photographer Dorothea Lange Their photojournalism gave face and voice to the mute shuffling in 1930s California breadlines etching into the national mind the greatest sufferers in a decade of agony Professor Goggans study is seminal in 21st century California studies thoroughly researched critically sophisticated and global in imagination a pleasure to pore over and read through California on the Breadlines is a true and riveting narrative of the rare singular partnership between Lange and Taylor Jack Hicks co editor of The Literature of California Volume I This is an extraordinary book Goggans elegantly interweaves sound scholarship with the moving human stories of California's Dust Bowl immigrants In bringing the agony of Depression era California home to the nation we immediately think of John Steinbeck and Carey McWilliams But Goggans makes it dramatically clear that Taylor and Lange labor economist and photographer husband and wife fused documentary photojournalism and the traditions of protest literature to create a new form that was at least as essential in telling that story and in proposing remedies As such California on the Breadlines is a powerful reminder that even in terrible economic times when Americans are willing hope and imagination are always possible Peter Schrag author of Not Fit for Our Society Immigration and Nativism in America A major contribution meticulously researched and written Goggans refracts the

complex histories of California labor and migration through the lens of Lange and Taylor's fieldwork landmark images and remarkable marriage Rare in scholarship this book narrates history's epic arc alongside the more intimate story of Lange and Taylor providing a wealth of insights on the Great Depression that reads like the Great American novel John T Caldwell author of *Production Culture* and director of *Rancho California* por favor California on the Breadlines offers a compelling analysis of how Lange's and Taylor's work grew out of their shared social concerns and how that work offers a unique portrait of the cultural imagination of their time which of course their work also helped to shape Terry Beers author of *Gunfight at Mussel Slough* Evolution of a Western Myth Goggans provides an accessible and compelling account of the path that brought Paul Taylor and Dorothea Lange together and led them to dedicate their lives and work to documenting conditions of poverty in California Flannery Burke author of *From Greenwich Village to Taos* Primitivism and Place at Mabel Dodge Luhan's **California Pictorialism** Margery Mann, San Francisco Museum of Modern Art, 1977 **Made in**

**History of a Shiver** Jed Rasula, 2016-02-26 An abrupt break in the prevailing modes of artistic expression for many marks the advent of modernism in the early twentieth century but revisionary attempts to pin down a precise moment of its emergence remain disputed History of a Shiver proffers a different approach tracing the first inkling of modernism instead to the nineteenth century s fascination with music As Jed Rasula deftly shows melomania the passion for music gave rise to concepts like Richard Wagner s endless melody and the Gesamtkunstwerk or total work of art which in turn infused the arts of the fin de siècle with an aura of expectancy challenging them to induce musical effects by their own means With

each art aspiring to produce the effects of another artistic medium a synesthetic yearning ran like a shiver through the body of art that would emerge over the next half century Rasula traces this pan arts polyphony from German Romantic theory to early experiments in visual music encompassing such diverse phenomena as American fixation on Arcadia early film theory and the lure of the fourth dimension All the while he keeps focus on the paramount historical consequence in elevating music to a new universal aesthetic standard arguing that Wagnerism was first among modern isms In surveying this momentous interplay among arts History of a Shiver ranges from literature music and painting to theatre cinema dance photography and civic pageantry It retells the story of modernism by recovering not an idea but a feeling the hair raising potential for each painting literary text or musical composition to herald an unprecedented domain of human enterprise **Group F.64** Mary Street Alinder,2014-11-04 Chronicles the lives and careers of the members of the West Coast photography movement including such famous names as Ansel Adams Imogen Cunningham Dorothea Lange Willard Van Dyke and Edward Weston
