I Heart Rome Maria Pasquale, 2017-10-31 A love letter to Rome with beautiful food and location photography classic recipes and stories from the heart of the Eternal City Rome is an open air museum it s a modern day marvel of a city that has seen centuries of emperors popes movements triumphs and tragedies It s a city where the present and past sit side by side and interact in a beautiful yet sometimes complex kind of way Rome begs to be uncovered at every turn Through quirky local stories and glorious pictures I Heart Rome takes you on an inspiring journey through the Rome that tourists rarely get to see In a country justifiably famous for its food Rome boasts its own fascinating and unique cuisine that is intrinsically tied to its history Influences from Ancient Rome through to more recent events are reflected in the food culture of the Eternal City today And given the passionate nature of Romans as a people it s no wonder that dining is taken so seriously From carbonara recipes to artichoke frying techniques just about everything food related is up for and causes much debate in Rome You too will heart Rome after delving into this book

Picture Perfect Lighting Roberto Valenzuela, 2015-03-15 **Picture Perfect Posing** Roberto Valenzuela, 2014 Photographer author and educator Roberto Valenzuela has a proven track record for teaching and explaining difficult concepts to photographers of all skill levels His remarkable ability to break down complicated ideas into understandable approachable elements that photographers can truly grasp and then use their new found knowledge to improve their photography made his first book *Picture Perfect Practice* a breakout success In *Picture Perfect Posing* Roberto takes on the art of posing For many photographers after learning to compose an image and even light it properly a portrait can still easily be a failure if the pose is not natural elegant and serving the needs of both the subject and the photographer Instead of just showing page after page of poses like most posing books on the market Roberto actually breaks down the concept of posing by examining the anatomy starting with the core foundation the spinal chord and neck Building from there Roberto discusses every component of what makes poses work as well as fail How should the model hold her hands Bend her elbows Position her fingers Should the model look toward or away from the camera and why It all depends on what the photographer wants for the shot and Roberto discusses the entire

process from the intent of the photographer through the execution of the pose For those who have been discouraged by an inability to pose their subjects or who have simply not known where to start in order to figure it out **Picture Perfect Posing** is the essential resource they need to learn how posing truly works and how they can learn to direct the exact pose they need for the shot they want **Picture this** Philip Hayward,1998 With the proliferation of films television programs and videos about the arts this book tackles how these media outlets have approached their subject **Picture This!** Michael Carroll,2016-03-31 Astronomical concepts can be truly hard to comprehend especially those of planetary sizes and distances from Earth and from each other These concepts are made more comprehensible by the group of illustrations in this book which put scale extraterrestrial objects side by side with objects on Earth we can more easily relate to For example study the pictures of Earth floating above Jupiter s Great Red Spot and the asteroid Itokawa resting beside Toronto s CN Tower These mind bending images bring things better into perspective and will help you understand the size and scale of our Solar System In later chapters you will be told how close the visionaries of the past came to guessing what today s explorers would find Astronomer painter Lucien Rudaux s masterpieces of Mars dust storms anticipated Viking and Mars rover images by nearly a century Space artist Ludek Pesek envisioned astronauts setting up camp on the lunar surface in scenes hauntingly similar to photos taken by Apollo astronauts decades later But the real benefit of this work is in better grasping the nature of our universe how big it is now large it is and how we fit into it **Four Seasons in Rome** Anthony Doerr,2007-06-12 From the author of the acclaimed Pulitzer Prize winning 1 New York Times bestseller *All the Light We Cannot See* and *Cloud Cuckoo Land* a dazzling Azar Nafisi author of *Reading Lolita in Tehran* memoir about art and adventures in Rome Anthony Doerr has received many awards from the New York Public Library the National Endowment for the Arts and the American Library Association Then came the Rome Prize one of the most prestigious awards from the American Academy of Arts and Letters and with it a stipend and a writing studio in Rome for a year Doerr learned of the award the day he and his wife returned from the hospital with newborn twins Exquisitely observed *Four Seasons in Rome* describes Doerr s varied adventures in one of the most enchanting cities in the world He reads Pliny Dante and Keats the chroniclers of Rome who came before him and visits the piazzas temples and ancient cisterns they describe He attends the vigil of a dying Pope John Paul II and takes his twins to the Pantheon in December to wait for snow to fall through the oculus He and his family are embraced by the butchers grocers and bakers of the neighborhood whose clamor of stories and idiosyncratic child rearing advice is as compelling as the city itself This intimate and revelatory book is a celebration of Rome a wondrous look at new parenthood and a fascinating story of a writer s craft the process by which he transforms what he sees and experiences into sentences *Lonely Planet Rome* Lonely Planet, [DK Rome](#) DK Travel,2024-09-24 Discover Rome a feast for the eyes soul and stomach Whether you want to wander through the ruins of the Roman Forum gaze up at the spectacular ceiling of the Sistine Chapel or taste the world famous food at the bustling markets of Campo de Fiori your DK Eyewitness travel guide makes sure
