Picture Oregon Portraits Of The University Of Oregon:

Picture Oregon James McChesney, Jack Liu, 1994-01-01 **12 Hz**, 2020 12 Hz the lowest sound threshold of human hearing suggests imperceptible forces from plate tectonics to the ocean tides from cycles of growth and decay in the forest to the incomprehensibility of geological spans of time The photographs in Ron Jude's 12 Hz allude to the ungraspable scale and veiled mechanics of these phenomena while acknowledging a desire to gain a broader perspective beyond the human enterprise in a time of ecological and political crisis 12 Hz consists of images of lava tubes and flows tidal currents glacial ice and welded tuff formations pictures describing the raw materials of the planet those that make organic life possible The images were made in multiple locations from the high lava plains gorges and caves in the state of Oregon to the glaciers of Iceland and lava flows of Kilauea in Hawaii Jude's photographs don't attempt to tell us how to live or what we've done wrong nor do they reduce the landscape to something sentimental tame and possessable Rather they endeavour to describe and reckon with forces in our physical world that operate independently of anthropocentric experience The photographs in 12 Hz work in service to a simple premise that change is constant whether we are able to perceive it or not By stepping back to look at the larger system of flux of which we are only a small part this book evokes us to find our own pulse as it were and assert an appropriately scaled sense of being within the hierarchy of this system **American Decoration** Thomas Jayne, 2012-10-30 Interior designer and decorative arts and antiques expert Thomas Jayne follows up his essential 2010 compendium The Finest Rooms in America with this new collection of his own work Thomas Jayne possesses a unique dual vision he keeps one eye focused on the aesthetic traditions of the past and the other looking forward innovating creating and imagining interiors to suit modern sensibilities His reverence for traditional ideas does not restrict Jayne's understanding of what makes a beautiful room rather than seeking to replicate and repeat the exact decor from past Jayne finds inspiration in the distinctive histories of the spaces in which he works In every project he undertakes he draws on his rich academic background in the decorative arts to design interiors that harmonize with their historical settings yet also connect intimately to the active and modern lives of families who call these remarkable buildings home Jayne believes that American interior decoration is unique in its combination of elements from European and Asian cultural traditions with indigenous ideas and materials in its emphasis on comfort and livability and in its human scale Presented here for the first time his projects reflect this sensibility drawing from established traditions and reinterpreting them for contemporary life Drawing on the legacies of Albert Hadley and Sister Parish Jayne insists on authenticity and comfort incorporating elegant antiques and art with a subtle but warm palette and a welcoming setting In this richly illustrated collection of both city and country residences Jayne reveals the inspiration and thought behind each design identifying elements from the architecture the clients collections of art and antiques and from the site itself that serves as the basis for the decoration of the rooms **Oregon Painters** Ginny Allen, Jody Klevit, 2021-04 The book is an expanded pictorial review of the history of painting in Oregon from 1859 1959 The

first edition was published as an encyclopedia and index of Oregon painters with historical data about the evolution of painting styles educational institutions and exhibition venues in the Northwest this book expands the focus on the history of painting in Oregon adding essays on Impressionism and Modernism while using more and better visual examples to illustrate the strength of the state s early painters In addition the original indexed content has been edited and condensed Oregon Painters fills an important niche as little has been written about the early history of Northwest art and this volume serves as a valuable resource for discovering artists who remain largely unknown but whose works continue to gain in reputation and value

In the Good Name of the Company Christopher Michlig,Brian Roettinger,Jan Tumlr,2013 The Los Angeles based Colby Poster Printing Company has been a friend to local artists ever since Ed Ruscha s seminal Colby printed announcement for the 1962 Pasadena Art Museum exhibition New Paintings of Common Objects Their fluorescent posters have been disseminated on every high traffic surface across the city and their collection of over 150 wood and metal typefaces have remained an integral part of Los Angeles visual aesthetic This book is a unique tribute to Colby and the visual and cultural impact it continues to hold today

Framing the Church Maile S. Hutterer,2019 Examines Gothic architecture and the visual and cultural significance of the adoption of externalized buttressing systems in twelfth century France Demonstrates how buttressing frames operated as sites of display points of transition and mechanisms of demarcation
