Illustration: A Theoretical and Contextual Perspective Alan Male,2007-07-25 Successful forward thinking illustrators no longer operate the way many did and still do as merely colouring in technicians receiving briefs that are heavily directed and prescribed regarding content and overall visual concept Nowadays illustrators need to be educated socially and culturally aware communicators having knowledge understanding and insight regarding the context within which they are working the subject matter that they are engaged with and to be able professionals working within the parameters and needs of the market place and target audiences They need to utilise a breadth of intellectual and practical skills some that might once be regarded as transferable from other disciplines but are now considered essential if the illustrator has ambitions to transcend the basic role of commissioned hack This book introduces the concept of the illustrator as a specialist or authority on a particular subject or as an originator of either fiction and or non fiction material Examples include effective and creative written communication and authorship academic research art direction and design management The book focuses on illustration education and theory in particular the latter stages of undergraduate development and post graduate study and research such as theoretical and intellectual processes research and visual language Definitions and philosophies of what illustration is are also featured together with a relevant historical overview

The Silver Age of Comic Book Art Arlen Schumer,2014-09-09 Carmine Infantino Steve Ditko Jack Kirby Gil Kane Joe Kubert Gene Colan Jim Steranko Neal Adams Some of the greatest comic book artists of their generation who created some of their greatest work during The Silver Age of Comics circa1956 1970 They not only drew definitive versions of the medium s greatest characters including The Flash Batman Captain America Superman Thor Green Lantern Spider Man Dr Strange Green Arrow and more but set trends in the art of comic book storytelling Now this popular and influential body of work along with each artist s thoughts ideas and commentary is presented in The Silver Age of Comic Book Art a coffee table comic book art history book written and designed in a daringly different format by comic book historian and illustrator Arlen Schumer and published in hardcover and digital e book editions by Archway Publishing from Simon Schuster Dynamic spreads of the actual printed comic art graphically enlarged are integrated with comic styled text often by the artists themselves that replaces the original comic book copy with more personalized prose that places the art

firmly in the period it was created the turbulent 1960s By creating a comic book history book that reads like a comic book Schumer succeeds spectacularly in making you see as if for the first time the comics you've been reading your whole life Arlen Schumer documents an important period in comic book history told with an explosive format and stunning design It reflects the kinetic rhythm of the era Will Eisner 1917 2005 creator of *The Spirit* and the graphic novel *A Contract with God* Through the years I've had the pleasure of seeing many books that pay tribute to the art of comics but Arlen Schumer has created an entirely new format in presenting the art and words of the artists It's the most comprehensive and personal way a fan or colleague can learn what lies beneath the art Arlen has found the perfect way to inform and entertain It's simply awesome and the best representation of my work ever Gene Colan 1926 2011 legendary comic book artist A lovingly crafted tribute to the superhero comic of the 1960s *The Silver Age of Comic Book Art* recaptures the four color visionary surge of the era its jet age psychedelic rush of imagination and the titanic luminous guises both real and imaginary that glittered in its moment For a brief moment in the late 20th century it seemed as if the spirit of the age wore a vivid leotard a chest emblem and traveled in a strobing blur of speed lines For anyone with any interest in or affection for that moment this beautiful volume is indispensable Alan Moore author of *Swamp Thing* and *Watchmen* For more on *The Silver Age of Comic Book Art* join Arlen's Facebook group of the same name and visit Arlen's website www.arlenschumer.com *Earthling!* Mark Fearing, Tim Rummel, 2018-10-02 Every kid worries about making friends at a new school but when nine year old Bud accidentally catches the wrong bus and finds himself launched into deep space new friends are the least of his problems At Cosmos Academy Bud learns that Earthlings are the most feared creatures in the galaxy and even Earth's location has been hidden With the help of his new friend Gort Bud goes undercover as a Tenarian exchange student Unfortunately that means everyone thinks he's a pro at anti gravity Zero Ball even though he's really only a pro at watching sports And with paranoid Principal Lepton threatening to expel any Earthlings into outer space and only Gort's hacked Blip computer to help them determine Earth's coordinates will Bud ever find his way home Writing and Illustrating the Graphic Novel Dan

Cooney, 2011 Presents guidance for creating graphic novels beginning with establishing characters and continuing through storytelling drawing technique composition inking coloring lettering and strategies for getting the finished product published

The Comics Form Chris Gavalier, 2022-06-16 Answering foundational questions like what is a comic and how do comics work in original and imaginative ways this book adapts established formalist approaches to explaining the experience of reading comics Taking stock of a multitude of case studies and examples *The Comics Form* demonstrates that any object can be read as a comic so long as it displays a set of relevant formal features Drawing from the worlds of art criticism and literary studies to put forward innovative new ways of thinking and talking about comics this book challenges certain terminology and such theorizing terms as narrate which have historically been employed somewhat loosely In unpacking the way in which sequenced images work *The Comics Form* introduces tools of analysis such as discourse and diegesis details further qualities

of visual representation such as resemblance custom norms style simplification exaggeration style modes transparency and specification perspective and framing focalization and ocularization and applies formal art analysis to comics images This book also examines the conclusions readers draw from the way certain images are presented and what they trigger and offers clear definitions of the roles and features of text narrators image narrators and image text narrators in both non linguistic images and word images

Autobiographical Comics Elisabeth El Refaie, 2012-10-24 A troubled childhood in Iran Living with a disability Grieving for a dead child Over the last forty years the comic book has become an increasingly popular way of telling personal stories of considerable complexity and depth In *Autobiographical Comics Life Writing in Pictures* Elisabeth El Refaie offers a long overdue assessment of the key conventions formal properties and narrative patterns of this fascinating genre The book considers eighty five works of North American and European provenance works that cover a broad range of subject matters and employ many different artistic styles Drawing on concepts from several disciplinary fields including semiotics literary and narrative theory art history and psychology El Refaie shows that the traditions and formal features of comics provide new possibilities for autobiographical storytelling For example the requirement to produce multiple drawn versions of one's self necessarily involves an intense engagement with physical aspects of identity as well as with the cultural models that underpin body image The comics medium also offers memoirists unique ways of representing their experience of time their memories of past events and their hopes and dreams for the future Furthermore autobiographical comics creators are able to draw on the close association in contemporary Western culture between seeing and believing in order to persuade readers of the authentic nature of their stories
