Tolkien* Wayne G. Hammond, Christina Scull, 2015 Tolkien's complete artwork for *The Lord of the Rings* presented for the first time in celebration of its 60th anniversary includes more than 180 sketches drawings paintings maps and plans more than half of which have not been previously published **A Tolkien Tapestry** Cor Blok, 2011 Fifty years ago shortly after *The Lord of the Rings* was first published Cor Blok read the trilogy and was completely captivated by its invention and epic storytelling The breadth of imagination and powerful imagery inspired the young Dutch artist and this spark of enthusiasm coupled with his desire to create art that resembled a historical artefact in its own right led to the creation of more than 100 paintings Following an exhibition at the Hague in 1961 JRR Tolkien's publisher Rayner Unwin sent him five pictures Tolkien was so taken with them that he met and corresponded with the artist and even bought some paintings for himself The series bears comparison with the Bayeux Tapestry in which each tells an epic and complex story in deceptively simple style but beneath this simplicity lies a compelling and powerful language of form that becomes more effective as the sequence of paintings unfolds The full colour paintings in this new book are presented in story order so that the reader can enjoy them as the artist intended They are accompanied by extracts from *The Lord of the Rings* and the artist also provides an extensive introduction illuminating the creation of the series and notes to accompany some of the major compositions Many of the paintings appear for the very first time Readers will find Cor Blok's work refreshing provocative charming and wholly memorable the bold and expressive style that he created stands as a unique achievement in the history of fantasy illustration Rarely has an artist captured the essence of a writer's work in such singular fashion the author found much to admire in Cor Blok's work and what higher accolade is there **Tolkien's World** John Ronald Reuel Tolkien, 1998-05 Each painting is accompanied by a page of text drawn from the work that inspired it describing the scene the artist has chosen to illustrate **Pictures by J. Tolkien, 2016 Published for the very first time in its own volume Tolkien s remarkable tale about a painter whose obsession with detail prevents him from finishing his great work Niggle is a painter Not a very successful one partly because he has so many other things to do For some time he has been obsessed with one particular canvas a curious picture of a tree with a vast landscape stretching out behind it The painting keeps getting bigger and bigger but Niggle has a journey to make In 1939 Tolkien was despairing of ever bringing his great work The Lord of the Rings to a conclusion One morning he woke up with the story Leaf by Niggle complete in his mind and wrote it down This poignant story about an artist on a curious journey is often seen as an allegory of the writer s own creative process and life Published to coincide with a new touring stage production of the story this is the first time the story has been published in its own volume enabling readers to savour one of Tolkien s most elegant haunting and least known short stories
