Picturing Childhood The Myth Of The Child In Popular Imagery:

Picturing Childhood Patricia Holland, 2004-01-23 Whether controversial or taken for granted pictures of children are everywhere in magazines newspapers and advertisements on greetings cards and the Internet Picturing Childhood demonstrates how these familiar images reveal a view of childhood which is constantly changing With debates over children's rights in the 1970s child sexual abuse in the 1980s violent children in the 1990s and precocity and consumerism in the 2000s the traditional image of childhood innocence survives only as a form of kitsch Using images from a wide variety of sources this text considers the popular imagery in relation to news education welfare charity and consumerism and asks what implications does all this have for the ways in which children themselves are treated The 'Poor Child' Lucy

Hopkins, Arathi Sriprakash, 2015-07-16 Why are development discourses of the poor child in need of radical revision What are the theoretical and methodological challenges and possibilities for ethical understandings of childhoods and poverty The poor child at the centre of development activity is often measured against and reformed towards an idealised and globalised child subject This book examines why such normative discourses of childhood are in need of radical revision and explores how development research and practice can work to unsettle the global child It engages the cultural politics of childhood a politics of equality identity and representation as a methodological and theoretical orientation to rethink the relationships between education development and poverty in children's lives This book brings multiple disciplinary perspectives including cultural studies sociology and film studies into conversation with development studies and development education in order to provide new ways of approaching and conceptualising the poor child The researchers draw on a range of methodological frames such as poststructuralist discourse analysis arts based research ethnographic studies and textual analysis to unpack the hidden assumptions about children within development discourses Chapters in this book reveal the diverse ways in which the notion of childhood is understood and enacted in a range of national settings including Kenya India Mexico and the United Kingdom They explore the complex constitution of children's lives through cultural policy and educational practices The volume's focus on children's experiences and voices shows how children themselves are challenging the representation and material conditions of their lives The Poor Child will be of particular interest to postgraduate students and scholars working in the fields of childhood studies international and comparative education and development studies International Handbook of Children, Media and Culture Sonia Livingstone, Kirsten Drotner, 2008-03-06

Deliberately selected to represent as many parts of the globe as possible and with a commitment to recognizing both the similarities and differences in children and young people's lives from China to Denmark from Canada to India from Japan to Iceland from the authors offer a rich contextualization of children's engagement with their particular media and communication environment while also pursuing cross cutting themes in terms of comparative and global trends **Key Issues in Childhood and Youth Studies** Derek

The Child in Videogames Emma Reay, 2023-10-16 Drawing across Games Studies Childhood Studies and Children's Literature Studies this book redirects critical conversations away from questions of whether videogames are good or bad for child players and towards questions of how videogames produce childhood as a set of social roles and rules in contemporary Western contexts It does so by cataloguing and critiquing representations of childhood across a corpus of over 500 contemporary videogames While child players are frequently the topic of academic debate particularly within the fields of psychology behavioural science and education research child characters in videogames are all but invisible This book's aim is to make these child characters not only visible but legible and to demonstrate that coded kids in virtual worlds can shed light on how and why the boundaries between adults and children are shifting

Good Neighbor Empires Elena Jackson Albarrán, 2024-09-16 A class of child artists in Mexico a ship full of child refugees from Spain classrooms of child pageant actors and a pair of boy ambassadors revealed facets of hemispheric politics in the Good Neighbor era Culture makers in the Americas tuned into to children as producers of cultural capital to advance their transnational projects In many instances

prevailing conceptions of children as innocent primitive dependent and underdeveloped informed perceptions of Latin America as an infantilized region a lesser Other Americas on the continent In other cases children s interventions in the cultural politics economic projects and diplomatic endeavors of the interwar period revealed that Latin American children saw themselves as modern professional participants in forging inter American relationships Good Neighbor Empires is a skillfully crafted study of children as actors and as symbolic centerpieces in the infantilized image of Latin America Marrying deep research in transnational archives with engaging storytelling Albarr n examines the social meaning of children by crafting a story where they emerge as powerful artists exiles and diplomats in open air art schools dormitories and classrooms By vividly demonstrating how children s experiences and the metaphors surrounding them both reaffirmed and contested diplomacy and hemispheric understandings in the Americas the book asserts the relevance of childhood studies and transnational history to understandings of Latin American politics and culture Sonia Robles author of Mexican Waves Radio Broadcasting along Mexico s Northern Border 1930 1950 The University of Arizona Press 2023 Elena Albarr n is an internationally renowned authority on the history of childhood in Latin America and especially Mexico Good Neighbor Empires masterfully tells a transnational history of children their cultural production and their public perception in Latin America during the 1930s and 1940s a time in which the United States discarded military intervention and heavy handed diplomacy in favor of an approach focused on the soft power of commerce media and migration At the heyday of U S imperialism cartoons had often represented the Latin American republics as children in need of Uncle Sam s guidance and Latin Americans both adults and children remained infantilized in the U S imagination throughout the Good Neighbor era Focusing on the agency of children in three contexts from Mexican folklore to Spanish Republican refugees to Pan Americanism as an effort to foster hemispheric solidarity during an era of totalitarian threats the author shows that children and the families they belonged to emerged as part of a new populist rhetoric that reinforced both international capitalist cooperation and patriarchy A cutting edge contribution to the history of the Americas in the twentieth century J rgen Buchenau Dowd Term Chair of Capitalism Studies UNC Charlotte Albarr n makes significant contributions to the scholarship on both childhood studies and the history of cultural relations in Good Neighbor Empires As well as examining the discourses of childhood that built upon colonial and neocolonial legacies and shaped Pan Americanism Albarr n gives voice to the children who sometimes refashioned these discourses in surprising ways based on their own understandings of childhood Latin America and the United States Grounded in Mexican cultural history but providing insights that demonstrate the usefulness of children as a category of analysis f *The Bloomsbury Handbook of Theories in Childhood Studies* Sarada Balagopalan,John Wall,Karen Wells,2023-11-02 The Bloomsbury Handbook of Theories in Childhood Studies brings together an international group of childhood studies scholars who work with a range of critical theories It speaks to both scholars and students by addressing questions such as how childhoods are diversely constructed and how children s experiences can be

better understood The volume draws together a diversity of theoretical perspectives from the social sciences and humanities such as critical race studies disability studies posthumanism feminism politics decolonialism queer theory and postcolonialism to generate a much needed conversation about how to move childhood studies forward as a grounded field of research The volume is subdivided into three sections subjectivities relationalities and structures each of which addresses different but interrelated approaches to childhood studies theorization This handbook will be an essential text not just for childhood studies researchers but for all those interested in theorizing what childhood is what work it does and who children are

Don't Use Your Words! Jane Juffer, 2019-05-28 How children are taught to control their feelings and how they resist this emotional management through cultural production Today even young kids talk to each other across social media by referencing memes songs and movements constructing a common vernacular that resists parental educational and media imperatives to name their feelings and thus control their bodies Over the past two decades children s television programming has provided a therapeutic site for the processing of emotions such as anger but in doing so has enforced normative structures of feeling that Jane Juffer argues weaken the intensity and range of children s affective experiences Don t Use Your Words seeks to challenge those norms highlighting the ways that kids express their feelings through cultural productions including drawings fan art memes YouTube videos dance moves and conversations while gaming online Focusing on kids between ages five and nine Don t Use Your Words situates these productions in specific contexts including immigration policy referenced in drawings by Central American children just released from detention centers and electoral politics as contested in kids artwork expressing their anger at Trump s victory Taking issue with the mainstream tendency to speak on behalf of children Juffer argues that kids have the agency to answer for themselves what does it feel like to be a kid

Illuminating the Dark Side: Evil, Women and the Feminine

,2020-09-25 Evil Women The Feminine The relationships that bring together these three ideas form the basis for the papers gathered together in this volume By asking how why when and to what purpose these three terms are often linked serves as the starting point of interrogation for each of the authors here considered

Children in the Online World Elisabeth Staksrud,2016-05-23 What is online risk How can we best protect children from it Who should be responsible for this protection Is all protection good Can Internet users trust the industry These and other fundamental questions are discussed in this book Beginning with the premise that the political and democratic processes in a society are affected by the way in which that society defines and perceives risks *Children in the Online World* offers insights into the contemporary regulation of online risk for children including teens examining the questions of whether such regulation is legitimate and whether it does in fact result in the sacrifice of certain fundamental human rights The book draws on representative studies with European children concerning their actual online risk experiences as well as an extensive review of regulatory rationales in the European Union to contend that the institutions of the western European welfare states charged with protecting children have changed fundamentally at the cost of the level of security that they provide In consequence children at once have more rights with regard to their personal decision making as digital consumers yet fewer democratic rights to participation and protection as digital citizens A theoretically informed yet empirically grounded study of the relationship between core democratic values and the duty to protect young people in the media sphere *Children in the Online World* will appeal to scholars and students across the social sciences with interests in new technologies risk and the sociology of childhood and youth Book The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Childhood in Animation Jane Batkin,2024-08-01 *Childhood in Animation* Navigating a Secret World explores how children are viewed in animated cinema and television and examines the screen spaces that they occupy The image of the child is often a site of conflict one that has been captured preserved and recollected on screen but what do these representations tell us about the animated child and how do they compare to their real counterparts Is childhood simply a metaphor for innocence or something far more complex that encompasses agency performance and othering *Childhood in Animation* focuses on key screen characters such as DJ Norman Lilo the Lost Boys Marji Parvana Bluey Kirikou Robyn Mebh Cartman and Bart amongst others to see how they are represented within worlds of fantasy separation horror politics and satire as well as viewing childhood itself through a philosophical sociological and global lens Ultimately this book navigates the rabbit hole of the elsewhere to reveal the secret space of childhood where anything and everything is possible This volume will be of great interest to scholars and students of
