## **Picturing Texts:**

**Reading Contemporary Picturebooks** David Lewis, 2001 This work analyzes how picture books work the role of picture books in learning to read how children make meaning from pictures and how teachers can make best use of picture books in the classroom *Picturing Identity* Hertha D. Sweet Wong, 2018 *Picturing Texts* Lester Faigley, 2004-01 Redefining composition to include conscious attention to images and design Picturing Texts is the first writing textbook to show students how to compose visual texts as well as how to read them **Picturing Fiction through Embodied Cognition** Bien Klomberg, Theresa Schilhab, Michael Burke, 2022-02-15 This concise volume addresses the question of whether or not language and its structure in literary discourses determines individuals mental vision employing an innovative cross disciplinary approach using readers drawings of their mental imagery during reading The book engages in critical dialogue with the perceived wisdom in stylistics rooted in Roger Fowler s seminal work on deixis and point of view to test whether or not this theory can fully account for what readers see in their mind s eye and how they see it The work draws on findings from a study of English and Dutch across a range of literary texts in which participants read literary text fragments and were then asked to immediately draw representations of what they had seen envisioned Building on the work of Fowler and more recent theoretical and empirical language based studies in the area Klomberg Schilhab and Burke argue that models from embodied cognitive science can help account for anomalies in evidence from readers drawings indicating new ways forward for interdisciplinary understandings of individual meaning construction in literary textual interfaces This book will be of interest to students and scholars in stylistics cognitive psychology rhetoric and philosophy particularly those working in the field of embodied cognition The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial CC BY NC 4 0 license **Picturing Texts** Cheryl E. Ball, 2004 *Picturing the Page* Megan Swift, 2020-05-12 This is the first work to examine illustrated children s literature under Lenin and Stalin and to make use of rarely explored Soviet children s books from libraries around the world

*Designing Texts* Eva Brumberger, Kathryn Northcut, 2016-12-14 Designing Texts is an edited collection dedicated to teaching visual communication in non visual disciplines with a particular focus on the fields of technical and professional communication rhetoric and composition *Picturing the Past* Rosemary Mitchell, 2000-07-13 This monograph is a wide ranging and sophisticated analysis of representations in text and image of the English past between 1830 and 1870 It consists of a series of inter related case studies of illustrated history books ranging from editions of David Humes History of England to W H Ainsworths The Tower of London 1840 It contributes to present debates on nationalism highlighting the complex and variable nature of cultural constructions of identity Simultaneously it offers an overall interpretation of historiographical change in early and mid Victorian Britain focusing in particular on the transition from picturesque reconstructions of the English past to the scientific approaches of the professional historian Genuinely interdisciplinary

Picturing the Past presents new perspectives on traditional studies of Victorian historiography literature and illustration It explores relationships between text and image author illustrator and publisher in the production of illustrated historical texts often drawing on neglected material in publishers archives The tendency to analyse text and image fiction and non fiction popular and elite publications in isolation from each other is challenged in the interests of a more complex and nuanced portrait of the middle class Victorian historical consciousness *Picturing America* Stephen J. Hornsby,2017-03-23

Instructive amusing colorful pictorial maps have been used and admired since the first medieval cartographer put pen to paper depicting mountains and trees across countries people and objects around margins and sea monsters in oceans More recent generations of pictorial map artists have continued that traditional mixture of whimsy and fact combining cartographic elements with text and images and featuring bold and arresting designs bright and cheerful colors and lively detail In the United States the art form flourished from the 1920s through the 1970s when thousands of innovative maps were mass produced for use as advertisements and decorative objects the golden age of American pictorial maps *Picturing America* is the first book to showcase this vivid and popular genre of maps Geographer Stephen J Hornsby gathers together 158 delightful pictorial jewels most drawn from the extensive collections of the Library of Congress In his informative introduction Hornsby outlines the development of the cartographic form identifies several representative artists describes the process of creating a pictorial map and considers the significance of the form in the history of Western cartography Organized into six thematic sections *Picturing America* covers a vast swath of the pictorial map tradition during its golden age ranging from Maps to Amuse to Maps for War Hornsby has unearthed the most fascinating and visually striking maps the United States has to offer Disney cartoon maps college campus maps kooky state tourism ads World War II promotional posters and many more This remarkable charming volume s glorious full color pictorial maps will be irresistible to any map lover or armchair traveler *PICTURING TEXTS, 1ST ED.* LESTER.
