Piece of My Heart Makeda Silvera, 1991 Uncompromising in its honesty at times humorous angry confrontational and erotic Piece of My Heart celebrates the lives of women both out and coming out *Performing La Mestiza* Ellen M. Gil-Gomez, 2017-10-06 This book first published in 2000 explores the intersections of race gender and gay identities in writings by contemporary American lesbians of colour in order to show how this subject is sometimes ignored sometimes brutalised and is very rarely able to survive on her own terms by constructing her own identity acts of cultural revision The author places the lesbian of colour in the context of current identity theories showing the ever present blind spots within current theoretical paradigms she then reads a variety of writings by lesbians of colour describing the possibilities that exist for these subjects in textual and social realities The author shows the varied communities that threaten the existence of this subject as well as the limits that dictate the subject's ability to create her self By bridging Judith Butler's *Gender Trouble* and Gloria Anzaldua's *New Mestiza* she describes how lesbians of colour can survive numerous sites of hostility by constructing a positive identity within her home community through revising cultural traditions and history After considering the power of these acts of revision the author calls for the empowered performance of the mestiza state the state of contradiction wherein the lesbian of colour finds herself This book is the first to analyse creative and theoretical works by African American Asian American Latina and Native American communities and writers through the lens of lesbian studies Authors include recognised figures such as Audre Lorde Ana Castillo and Paula Gunn Allen as well as lesser known authors like Best Brant Natasha Lopez and Willyce Kim It provides a corrective to Butler's empowering but essentially white vision of performing identity so that lesbians of colour can claim their identities and remain tied to their own cultural traditions Ultimately the author asks for a reconsideration of the value of identity studies that articulate monolithic identities and whose analyses perpetuate what they seek to disrupt **Black Like Us** Devon Carbado, 2011-11-01 Winner of the 2003 Lambda Literary Award for Fiction Anthology Showcasing the work of literary giants like Langston Hughes James Baldwin Audre Lorde Alice Walker and writers whom readers may be surprised to learn were in the life *Black Like Us* is the most comprehensive collection of fiction by African American lesbian gay and bisexual writers ever published From the Harlem Renaissance to the Great Migration of the Depression era from the postwar civil rights feminist and gay liberation movements to the unabashedly complex sexual explorations of the present day *Black Like Us* accomplishes a sweeping survey of 20th century literature **Preventing Heterosexism and Homophobia** Esther D. Rothblum, Lynne A. Bond, 1996-08-06 Even in today's society gay men lesbians and bisexuals experience multiple pressures and constraints related to their lifestyles in addition to the stresses of everyday life This dual tension can result in psychopathology among gay men lesbians and bisexuals *Preventing Heterosexism and Homophobia* examines the gay and lesbian experience in light of their tension and points toward a future free of heterosexism The stress of coming out the uncertainty of parenting their children and the difficulties

facing ethnic minority lesbians and bisexuals cannot be adequately addressed without confronting the heterosexual bias in society The contributors to this informative volume propose methods geared toward eliminating heterosexual bias in various settings health care therapy communities corporate America and education Ultimately this book examines both the risks and joys of being gay lesbian and bisexual and how to prevent heterosexism and its effects on the lives of all people including those of heterosexuals Students and professionals in interpersonal communication and interpersonal relations clinical psychology and public health will benefit greatly from the original perspectives this book has to offer

**Scandalous Bodies** Smaro Kamboureli, 2009-05-05 *Scandalous Bodies* is an impassioned scholarly study both of literature by diasporic writers and of the contexts within which it is produced It explores topics ranging from the Canadian government's multiculturalism policy to media representations of so called minority groups from the relationship between realist fiction and history to postmodern constructions of ethnicity from the multicultural theory of the philosopher Charles Taylor to the cultural responsibilities of diasporic critics such as Kamboureli herself Smaro Kamboureli proposes no neat or comforting solutions to the problems she addresses Rather than adhere to a single method of reading or make her argument follow a systematic approach she lets the texts and the socio cultural contexts she examines give shape to her reading In fact methodological issues and the need to revisit them become a leitmotif in the book Theoretically rigorous and historically situated this study also engages with close reading not the kind that views a text as a sovereign world but one that opens the text in order to reveal the method of its making Her practice of what she calls negative pedagogy a self reflexive method of learning and unlearning of decoding the means through which knowledge is produced allows her to avoid the pitfalls of constructing a narrative of progress Her critique of Canadian multiculturalism as a policy that advocates what she calls sedative politics and of the epistemologies of ethnicity that have shaped for example the first wave of ethnic anthologies in Canada are the backdrop against which she examines the various discourses that inform the diasporic experience in Canada *Scandalous Bodies* was first published in 2000 and received the Gabrielle Roy Prize for Canadian Criticism

Odysseys Home Mapping African Canadian Literature is a pioneering study of African Canadian literary creativity laying the groundwork for future scholarly work in the field Based on extensive excavations of archives and texts this challenging passage through twelve essays presents a history of the literature and examines its debt to and synthesis with oral cultures George Elliott Clarke identifies African Canadian literature s distinguishing characteristics argues for its relevance to both African Diasporic Black and Canadian Studies and critiques several of its key creators and texts Scholarly and sophisticated the survey cites and interprets the works of several major African Canadian writers including Andr Alexis Dionne Brand Austin Clarke Claire Harris and M Nourbese Philip In so doing Clarke demonstrates that African Canadian writers and critics explore the tensions that exist between notions of universalism and black nationalism liberalism and conservatism These tensions are revealed in the literature in what Clarke argues to be paradoxically uniquely Canadian and proudly apart from a

mainstream national identity Clarke has unearthed vital but previously unconsidered authors and charted the relationship between African Canadian literature and that of Africa African America and the Caribbean In addition to the essays Clarke has assembled a seminal and expansive bibliography of texts literature and criticism from both English and French Canada This important resource will inevitably challenge and change future academic consideration of African Canadian literature and its place in the international literary map of the African Diaspora      **Feminist Revolution in Literacy** Junko
