Garth Brooks Garth Brooks, Warren Zanes, 2017 The first five years were filled with high adventure with dreams coming true with new friendships beginning and old friendships growing Most of all though the years were filled with music being made We thought about songs night and day chased the things I was surrounded by songwriters musicians producers engineers managers by people who lived to make music and we got to see the world through songs There were a lot of firsts one after another First time leaving Oklahoma for Nashville first time hearing one of our songs on the radio first time hitting number one We won t ever get to go

through all those firsts again but this book is my chance to get together with the people who shared the experiences and together remember how it all went down This book gathers what comes to our minds when we think of the first five years and the songs that came to life during that time Inside these pages you ll find the music that got released in those first five years five CDs of it But you ll also find a few recordings that we ve never shared some of my favorites You ll find photographs that have never been made public behind the scenes images from before the first record and others from during the journey There are artifacts from the vaults things I ve saved myself bits and pieces of this history that mean a lot to me I ve always wanted to bring people closer to what I saw what I experienced This feels like the closest I ve come to doing just that
