**The Pied Piper Project "Russia's Child"** D. E. Whitchurch III, 2004-11 At the age of fourteen Eddie unknowingly becomes part of a secret government project a child who would become a man feared by many and respected by all who knew him *Children's Books in Print*, 2007 ,2006 [An Ecology of the Russian Avant-Garde Picturebook](#) Sara Pankenier Weld, 2018-02-15 An Ecology of the Russian Avant Garde Picturebook takes a new approach to interpreting 1920s and 1930s picturebooks by prominent Russian writers artists and intellectuals by examining them within the ecological environment that first made them possible and then led to their demise It argues that naturalistic models of the complex interactions of dynamic systems offer effective tools for understanding the fraught interrelations of art and censorship in the early Soviet period Through illustrative case studies it mounts a close analysis of word and image and their synergistic interplay in avant garde picturebooks while also recontextualizing them within the ecology of their original environment where extraordinary countervailing forces played out a drama of which these books survive as telling artifacts Ultimately it argues that the Russian avant garde picturebook offers a uniquely illustrative example of literary ecology that sheds light on issues of creativity and censorship politics and art more broadly as well *The BFI Companion to Eastern European and Russian Cinema* Richard Taylor, Nancy Wood, Julian Graffy, Dina Iordanova, 2019-07-25 This work maps the rich varied cinema of Eastern Europe Russia and the former USSR Over 200 entries cover a variety of topics spanning a century of endeavour and turbulent history from Czech animation to Soviet montage from the silent cinemas dating back to World War I through to the varied responses to the conflicts in the former Yugoslavia It includes entries on actors and actresses film festivals studios genres directors film movements critics producers and technicians taking the coverage up to the late 1990s In addition to the historical material of key figures like Eisenstein and Wadja the editors provide separate accounts of the trajectory of the cinemas of Eastern Europe and of Russia in the wake of the collapse of communism [A History of Russian Literature](#) Andrew Kahn, Mark Lipovetsky, Irina Reyfman, Stephanie Sandler, 2018-04-05 Russia possesses one of the richest and most admired literatures of Europe reaching back to the eleventh century A History of Russian Literature provides a comprehensive account of Russian writing from its earliest origins in the monastic works of Kiev up to the present day still rife with the creative experiments of post Soviet literary life The volume proceeds chronologically in five parts extending from Kievan Rus in the 11th century to the present day The coverage strikes a balance between extensive overview and in depth thematic focus Parts are organized thematically in chapters which a number of keywords that are important literary concepts that can serve as connecting motifs and case studies in depth discussions of writers institutions and texts that take the reader up close and Visual material also underscores the interrelation of the word and image at a number of points particularly significant in the medieval period and twentieth century The History addresses major continuities and discontinuities in the history of Russian literature across all periods and in particular bring out trans historical features that

contribute to the notion of a national literature The volume s time range has the merit of identifying from the early modern period a vital set of national stereotypes and popular folklore about boundaries space Holy Russia and the charismatic king that offers culturally relevant material to later writers This volume delivers a fresh view on a series of key questions about Russia s literary history by providing new mappings of literary history and a narrative that pursues key concepts rather more than individual authorial careers This holistic narrative underscores the ways in which context and text are densely woven in Russian literature and demonstrates that the most exciting way to understand the canon and the development of tradition is through a discussion of the interrelation of major and minor figures historical events and literary politics literary theory and literary innovation
