## **Pierpont Morgan And Friends The Anatomy Of A Myth:**

*Pierpont Morgan and Friends* George Wheeler,1973      The Emergence of Industrial America Peter George,2012-02-01

This book contains a series of interpretive essays on the most dramatic aspects of American economic growth during the last century the sweeping technological and organizational changes in manufacturing and agriculture and their profound economic and social consequences The overall focus is the maturing of the American economy from a classic market economy based primarily on small units of production and private enterprise through the growth of industrialism and the structural transformation of the economy to the modern mixed economy with its complex array of giant corporations and labor unions and greatly expanded government sector The chapters are organized thematically A distinctive feature of the book is the use of illustrative case studies in each chapter

**The Morgans** Vincent P. Carosso,Rose C. Carosso,1987 The House of Morgan personified economic power in the late 19th early 20th centuries Carosso constructs an in depth account of the evolution operations and management of the Morgan banks at London New York Philadelphia and Paris from the time Junius Spencer Morgan left Boston for London to the death of his son John Pierpont Morgan

**The End of Economics** Michael Perelman,1996-06-13 Most economic theory assumes a pure capitalism of perfect competition Even when it is recognized that this does not exist many politicians and captains of industry pay a great deal of lip service to the idea of the market This book goes beyond the rhetoric to explore how even in the United States the most capitalist of all countries the market

Bankers and Diplomats in China 1917-1925 Roberta Allbert Dayer,2013-11-05 First Published in 1981 Contrary to Chairman Mao's assertion that political power comes from the barrel of a gun this study contends that political power in China in the early 1920s emanated from the boardrooms of foreign banks The author's interest in the way financial concerns have shaped foreign policy began with the discovery that the Lloyd George government attempted to influence the American government's policy on the British war debts by offering concessions concerning the renewal of the Anglo Japanese Alliance This study should provide understanding concerning the causes of Chinese bitterness as well as suggest the conflicts experienced by diplomats in balancing public and private interests

**A People's History of the Civil War** David Williams,2011-05-10 Does for the Civil War period what Howard Zinn's *A People's History of the United States* did for the study of American history in general Library Journal Historian David Williams has written the first account of the American Civil War as viewed through the eyes of ordinary people foot soldiers slaves women prisoners of war draft resisters Native Americans and others Richly illustrated with little known anecdotes and firsthand testimony this path breaking narrative moves beyond presidents and generals to tell a new and powerful story about America's most destructive conflict *A People's History of the Civil War* is a readable social history that sheds fascinating light on this crucial period In so doing it recovers the long overlooked perspectives and forgotten voices of one of the defining chapters of American history Publishers Weekly Meticulously researched and persuasively argued The Atlanta Journal Constitution      *My Thoughts Be Bloody* Nora

Titone,2010-10-19 Historian Nora Titone takes a fresh look at the strange and startling history of the Booth brothers answering the question of why one became the nineteenth century s brightest most beloved star and the other became the most notorious assassin in American history The scene of John Wilkes Booth shooting Abraham Lincoln in Ford s Theatre is among the most vivid and indelible images in American history The literal story of what happened on April 14 1865 is familiar Lincoln was killed by John Wilkes Booth a lunatic enraged by the Union victory and the prospect of black citizenship Yet who Booth really was besides a killer is less well known The magnitude of his crime has obscured for generations a startling personal story that was integral to his motivation *My Thoughts Be Bloody* a sweeping family saga revives an extraordinary figure whose name has been missing until now from the story of President Lincoln s death Edwin Booth John Wilkes s older brother by four years was in his day the biggest star of the American stage Without an account of Edwin Booth author Nora Titone argues the real story of Lincoln s assassin has never been told Using an array of private letters diaries and reminiscences of the Booth family Titone has uncovered a hidden history that reveals the reasons why John Wilkes Booth became this country s most notorious assassin The details of the conspiracy to kill Lincoln have been well documented elsewhere *My Thoughts Be Bloody* tells a new story one that explains for the first time why Lincoln s assassin decided to conspire against the president in the first place and sets that decision in the context of a bitterly divided family and nation By the end of this riveting journey readers will see Abraham Lincoln s death less as the result of the war between the North and South and more as the climax of a dark struggle between two brothers who never wore the uniform of soldiers except on stage

**Tesla: Wizard at War** Marc Seifer,2022-08-30 In this revelatory new book the author of the award winning international bestseller *Wizard The Life Times of Nikola Tesla* delves deeper into the groundbreaking ideas and astonishing mind of one of the greatest geniuses of modern times In a few years hence it will be possible for nations to fight without armies ships or guns by weapons far more terrible to the destructive action and range of which there is virtually no limit Any city at any distance whatsoever from the enemy can be destroyed by him and no power on Earth can stop him from doing so Nikola Tesla circa 1925 Drawing on forty years of research and a treasure trove of new information *Tesla Wizard at War* provides a comprehensive view of Tesla s discoveries which continue to influence today s military technology and diplomatic strategies One of the world s leading Tesla experts Marc J Seifer offers new insight into the brilliant scientist s particle beam weapon aka the Death Ray and explores his military negotiations with pivotal historical figures including his links to Joseph Stalin Vannevar Bush General Andrew McNaughton and Franklin Delano Roosevelt From Tesla s role in the origins of Star Wars technology and his dynamic theory of gravity to the real purpose behind the iconic tower at Wardencliff this is an eye opening account of Tesla s projects passions and ambitions and an illuminating important study of one of history s most intriguing figures

*Wizard:* Marc Seifer,2011-10-24 The story of one of the most prolific independent and iconoclastic inventors of this century fascinating *Scientific American* Nikola Tesla 1856 1943 credited as the inspiration for radio robots

and even radar has been called the patron saint of modern electricity Based on original material and previously unavailable documents this acclaimed book is the definitive biography of the man considered by many to be the founding father of modern electrical technology Among Tesla s creations were the channeling of alternating current fluorescent and neon lighting wireless telegraphy and the giant turbines that harnessed the power of Niagara Falls This essential biography is illustrated with sixteen pages of photographs including the July 20 1931 Time magazine cover for an issue celebrating the inventor s career A deep and comprehensive biography of a great engineer of early electrical science likely to become the definitive biography Highly recommended American Association for the Advancement of Science Seifer s vivid revelatory exhaustively researched biography rescues pioneer inventor Nikola Tesla from cult status and restores him to his rightful place as a principal architect of the modern age Publishers Weekly Starred Review Wizard brings the many complex facets of Tesla s personal and technical life together in to a cohesive whole I highly recommend this biography of a great technologist A A Mullin U S Army Space and Strategic Defense Command COMPUTING REVIEWS Along with A Beautiful Mind one of the five best biographies written on the brilliantly disturbed WALL STREET JOURNAL Wizard is a compelling tale presenting a teeming vivid world of science technology culture and human lives

**Two World Wars and Hitler: Who was Responsible?** Jim Macgregor, John O'Dowd, 2025-03-19 A radical re interpretation of events between 1914 and 1945 this book is a scholarly revision of the history of Nazi Germany that is sure to open the eyes of many thus far reluctant to face the truth Deeply researched well sourced evidence relates the true origins of the world wars Corporal Hitler s meteoric rise to supreme power thanks to Britain and the United States of America and how in 1939 the world was once again and very deliberately taken into the abyss The book does not like so many histories about Hitler and the world wars tinker around the edges of modern history It is a unique re writing of the history at a level that is clearly understandable not merely to the academic with a wide level of expertise but to ordinary readers with no more than a general interest in the subject matter Told here for the first time the astonishing truth about British and American secret agents encouraging facilitating and funding Hitler s rise to power is sure to attract a substantial readership Two World Wars and Hitler Who Was Responsible by Jim Macgregor and John O Dowd takes readers on a deep dive into the murky waters of global politics exposing the intricate web of money foreign agents and geopolitical schemes that shaped the events of the 20th century This book challenges the accepted narratives surrounding the causes of the two world wars and Adolf Hitler s rise to power peeling back layers of propaganda to uncover hidden truths The authors bring their medical and academic backgrounds to bear on a meticulously researched investigation connecting dots that span continents and decades From the clandestine dealings of financial elites to the machinations of intelligence operatives the authors argue that the outcomes of these conflicts were anything but inevitable They propose that powerful individuals and institutions actively manipulated the course of history prioritizing profit and dominance over the welfare of nations and huma
