quality brings Mark Richardson expands that journey with an investigation of his own to find the enigmatic author of *Zen and*

the Cathedral of Santiago de Compostela in Galicia northwest Spain Just about ninety kilometers west is a point on the
Iberian Peninsula the furthest western point on the European continent or the end of the earth The famous pilgrim trails

considered walking one or more Still others fascinated by the adventure cannot walk a Camino but enjoy hearing stories of
others who have done so If you find yourself in any of these three categories you will enjoy this book Book four in this series
The End of the Earth continues the stories There is much more to walking a Camino than just walking It is the beginning of
