*Pilgrim Theology* Michael Bauman, 2007-01-01      **In Plain Sight** Dr. R. Curtis Royal, 2013-02-15 IN PLAIN SIGHT SEARCHING FOR A MORE EXCELLENT WAY addresses the ongoing exodus from western churches Census records remind us there are two to three times more Christians than go to church Interestingly the increase of Christianity in third world countries is remarkable Western churches are suffering a massive dislocation from both society and from Christianity in general What is suggested in this book is exactly the sort of process God enables allows while preparing the next stage of a grand plan in the drama of human redemption We must search for a more excellent way Tolerant Spirit is paramount in hearing the voice of the Spirit along the spiritual journey IN PLAIN SIGHT extends the sacred conversation to all fellow travelers aspiring to discover or regain their spiritual compasses in being faithful to a true and living God who rules and reigns beyond our many fallible conceptions of divine governance in the world and the interaction of divine initiative and human responsibility The problem of forging a new paradigm in the churches for a new age is a sacred conversation about rethinking divine activity and personal and corporate faithfulness We must become much more intentional about developing a theology of grace which thoroughly encompasses serious crises and problems of all spiritual pilgrims travelers and persons of sincere faith

**Beyond Foundationalism** Stanley James Grenz, John R. Franke, 2001-01-01 Grenz and Franke provide a methodological approach for doing theology in the postmodern world They call for a theological method that moves beyond the Enlightenment way of ordering and understanding information foundationalism They propose a theological method that takes seriously the Spirit tradition and contemporary culture while stressing trinitarian structure community and eschatology

*Defending Life* Francis J. Beckwith, 2007-08-13 Defending Life is arguably the most comprehensive defense of the pro life position on abortion morally legally and politically that has ever been published in an academic monograph It offers a detailed and critical analysis of Roe v Wade and Planned Parenthood v Casey as well as arguments by those who defend a Rawlsian case for abortion choice such as J J Thomson The author defends the substance view of persons as the view with the most explanatory power The substance view entails that the unborn is a subject of moral rights from conception While defending this view the author responds to the arguments of thinkers such as Boonin Dworkin Stretton Ford and Brody He also critiques Thomson s famous violinist argument and its revisions by Boonin and McDonagh Defending Life includes chapters critiquing arguments found in popular politics and the controversy over cloning and stem cell research

*Introduction to Christian Theology* Roger A. Badham, 1998-01-01 This book covers a broad spectrum of current perspectives in theology including evangelical liberal liberationist feminist and postmodern approaches A textbook for introductory theology classes in seminaries and colleges this wide ranging collection of essays also represents the best available resource for any reader seeking to explore and understand the diversity of current trends in theology and ethics

*Unbounded Love* Clark H. Pinnock, Robert Brow, 2000-10-25      **Mere Humanity** Donald T. Williams, John Kramp, 2006

Williams delves into the writings of G K Chesterton C S Lewis and J R R Tolkien for answers about the purpose of man and his life on earth Choice ,1993 The Openness of God Clark H. Pinnock,Richard Rice,John Sanders,William Hasker,David Basinger,2010-02-25 Voted one of Christianity Today s 1995 Books of the Year The Openness of God presents a careful and full orb ed argument that the God known through Christ desires responsive relationship with his creatures While it rejects process theology the book asserts that such classical doctrines as God s immutability impassibility and foreknowledge demand reconsideration The authors insist that our understanding of God will be more consistently biblical and more true to the actual devotional lives of Christians if we profess that God in grace grants humans significant freedom and enters into relationship with a genuine give and take dynamic The Openness of God is remarkable in its comprehensiveness drawing from the disciplines of biblical historical systematic and philosophical theology Evangelical and other orthodox Christian philosophers have promoted the relational or personalist perspective on God in recent decades Now here is the first major attempt to bring the discussion into the evangelical theological arena Most Moved Mover Clark H. Pinnock,2019-10-01 In 1994 Clark Pinnock along with four other scholars published The Openness of God which set out a new evangelical vision of God one centered on his open relational and responsive love for creation Since then the nature of God has been widely discussed throughout the evangelical community Now Pinnock returns with Most Moved Mover to once again counter the classical deterministic view of God and defend the relationality and openness of God This engaging defense of openness theology begins with an analysis of the current debate followed by an explanation of the misconceptions about openness theology and a delineation of areas of agreement between classical and openness theologians Most Moved Mover is for all evangelicals regardless of their viewpoint as it lays out the groundwork for future discussions of the open view of God

**Politics for Christians** Francis J. Beckwith,2012-05-20 Politics is concerned with citizenship and the administration of justice how communities are formed and governed The role of Christians in the political process is hotly contested but as citizens Francis Beckwith argues Christians have a rich heritage of sophisticated thought as well as a genuine responsibility to contribute to the shaping of public policy In particular Beckwith addresses the contention that Christians or indeed religious citizens of any faith should set aside their beliefs before they enter the public square What role should religious citizens take in a liberal democracy What is the proper separation of church and state What place should be made for natural rights and the moral law within a secular state This cogent introduction to political thought surveys political science politics and government while making the case for how statecraft may genuinely contribute to soulcraft Politics for Christians is part of The Christian Worldview Integration Series Journal of Biblical Literature ,1993 Vols for 1960 include Proceedings of the annual meetings of the Society The Cumulative Book Index ,1998 A world list of books in the English language Bible Review ,1992 Man and Creation Michael Bauman,1993 Michigan Authors ,1993 Morality and the Marketplace Michael Bauman,1994 Papers presented in Hillsdale College s Center for Constructive Alternatives seminar
