Modern theorists and their ideas on war and peace are here presented interpreted and evaluated with scholarship and clarity of expression In examining the main currents in modern social theory the author has gone directly to the works of the leading philosophic figures This book is a carefully documented analysis based on primary sources Its republication in an expanded version after more than a half century since its initial appearance is a welcome addition to the literature on conflict and conflict resolution In this 2007 greatly expanded third edition of The Idea of War and Peace Irving Louis Horowitz provides a sense of substance to the character of Western Civilization The book permits the reader to better understand what the clash of civilizations is about It provides a broad outline of both European and American twentieth century social philosophies as they relate to the issue of war and peace It also offers a new concluding section that explores in depth this same theme in the first decade of the twenty first century Such major figures as Bertrand Russell John Dewey Jacques Maritain Albert Einstein and Vladimir Lenin reviewed in earlier editions are now joined by examinations of the work of Raymond Aron Harold D Lasswell and other contemporaries The Idea of War and Peace is not just one more manual of how to conduct or avoid conflict and even less a guideline to policy making Instead the work offers a profound sense of the theories and values that underline manuals and guides This third edition is graced by a consideration of major figures in the second half of the twentieth century and a retrospective on the work of Niccolo Machiavelli on the nature of warfare It also includes chapters on the relationship of war peace and the democratic order and a postscript on new forms of state power and terrorism This new edition links past and present and serves as an analytical bridge between centuries Monthly Bulletin San Francisco Public Library,1919 Pilgrimage on a Steelride Gary Paulsen,1997 A memoir in which the author describes the mid life catharsis he experienced when he purchased a Harley Davidson at the age of fifty seven and embarked upon a long ride from his home in New Mexico to Alaska **Thomas Merton** James Thomas Baker,2021-12-14 Thomas Merton Social Critic organizes and critically analyzes the social thought of the Cistercian monk who has become an internationally known symbol of the spiritual element in man The author evaluated all of Merton s writings published and unpublished then discussed his interpretations with Merton personally The result is a perceptive relation of Merton s social thought to its genesis in his own life experiences and contemplation a faithful rendering of Merton s thought on the problems of our time Merton the author makes clear called for a spiritual social and religious union It was a poetic and sometimes unimplemented solution to alienation and division a valid and authentic if at times limited response to the contemporary chaos This study will be greeted by a strong reaction from Mertonians everywhere Windows into Men's Souls Kenneth L. Campbell,2012-08-17 Windows into Men s Souls focuses on the ways in which the concept of religious nonconformity was inherent in the English

Reformation The book's uniqueness lies in its blending of different historiographical traditions dealing with Puritans Catholics and Separatists while melding them into a coherent and interpretive analysis of the phenomenon of religious nonconformity as a whole and the religious and intellectual impulses behind it *Books and Pamphlets, Including Serials and Contributions to Periodicals* Library of Congress.
