Pilgrimage In Tibet:

HOLY MOUNT KAILASH Milan P. Rakoccevic, 2013-06-06 Kailash The Heart and Soul of Tibet There are few places on Earth comparable to the mysterious stunningly beautiful and completely isolated Mt Kailash which lies well hidden in a remote and deserted region of western Tibet In order to understand the importance of holy Mt Kailash it is necessary to know that it is considered the legendary abode of the gods One circle around the mountain 54 km is symbolically one revolution of the wheel of life or the cycle from birth to death This simultaneously brings about the purification and forgiveness of all sins committed in this lifetime This is the land of the Sun In this spot I started to understand the difference between the world that I was coming from and the one that was standing before me This is without doubt the most beautiful spot on Earth This is Shambhala These were moments of great happiness when all the struggles of travelling are forgotten and replaced by sheer joy This is the physical and spiritual climax of the pilgrimage because the Drolma La pass is considered the most holy spot on the trail and arrival there marks the beginning of a completely new life Pilgrimage in Tibet Alex McKay, 2013-12-16 The Western image of Tibet as a sacred land is in many ways a mythical construction But the Tibetans themselves have traditionally mapped out their land in terms of areas of sacred space and pilgrimage ensuring a high degree of mobility within all classes of Tibetan society Pilgrims travelled to local regional and national centres throughout recorded Tibetan history In recent years pilgrimage has resumed in areas where it had been forbidden by the Chinese authorities and has now become one of the most prominent religious expressions of Tibetan national identity In this major new work leading scholars of Asian pilgrimage traditions discuss historical and contemporary aspects of pilgrimage within the Tibetan cultural world Myths and legends material conditions textual sources a modern pilgrim's impressions political and economic influences biographies and contemporary developments all these and many other issues are examined here The result is an informative and often entertaining work which contributes greatly to our knowledge of the history and culture of Tibet as well as the wider issues of religious power and practice Pilgrimage in Tibet Alex McKay, 1998 Discusses historical and contemporary aspects of pilgrimage within the Tibetan cultural world Examines myths and legends material conditions textual sources a modern pilgrim's impressions political and economic influences biographies and contemporary developments **The Holy Land Reborn** Toni Huber, 2008-09-15 The Dalai Lama has said that Tibetans consider themselves the child of Indian civilization and that India is the holy land from whose sources the Tibetans have built their own civilization What explains this powerful allegiance to India In *The Holy Land Reborn* Toni Huber investigates how Tibetans have maintained a ritual relationship to India particularly by way of pilgrimage and what it means for them to consider India as their holy land Focusing on the Tibetan creation and recreation of India as a destination a landscape and a kind of other in both real and idealized terms Huber explores how Tibetans have used the idea of India as a religious territory and a sacred geography in the development of their own religion and society In a timely closing chapter Huber also takes up

the meaning of India for the Tibetans who live in exile in their Buddhist holy land A major contribution to the study of Buddhism The Holy Land Reborn describes changes in Tibetan constructs of India over the centuries ultimately challenging largely static views of the sacred geography of Buddhism in India **The Path to Buddha** Steve McCurry,2003-11-18 This intimate photographic portrait of Tibetans and Buddhism is divided into five parts two main chapters devoted to the religious and lay Buddhists on their pilgrimages to holy sites and three sections of remarkable portraits that capture monks and devout believers on their arduous journeys to prayer Sacred Ground Ngawang Zangpo,2001-11-06 Describes two journeys a journey outward to specific pilgrimage places in Eastern Tibet and a journey inward to the sacred world of tantra accessible through contemplation and meditation *Religions of Tibet in Practice* Donald S. Sacred Landscape and Pilgrimage in Tibet Gelek Jinpa, Charles Ramble, V. Carroll Dunham, 2005 This spiritual adventure is the first book to document the living tradition of B n What makes this narrative so compelling is that the voice and perspective of Gelek a young B n monk lends an intimacy and knowledge of B n not found in religious texts According to the Tibetan calendar 2002 was a holy year for pilgrimages and in the holiest month of that year Gelek set out from his monastery in Nepal with some hardy companions and photographer Thomas Kelly to travel to Kailash a sacred mountain in western Tibet He was also on a quest to seek out the long vanished kingdom of Zhangzhung At the end of the journey Gelek finds little that resembles the B n kingdom He comes upon crumbling ruins that have all but reverted to their native dust and earth From this experience Gelek understands that the essence of his faith is built not on these shifting sands but on the bedrock of the changeless B n teachings This extraordinary trek is illustrated by 160 stunningly beautiful color photographs of the unknown landscapes as well as travelers and local people Accompanying the images is the authorsG vivid description of their journey which is especially evocative as it includes translated excerpts from GelekG s personal diary
