Books in Print Supplement, 1985 **Going Places** Gregory Hayes, Joan Wright, 1988 Don't waste hours sifting through the wrong books This book has done all that work for you The Cumulative Book Index, 1985 A world list of books in the English language **A Pilgrimage to Eternity** Timothy Egan, 2019-10-15 From the world's greatest tour guide a deeply researched captivating journey through the rich history of Christianity and the winding paths of the French and Italian countryside that will feed mind body and soul New York Times What a wondrous work This beautifully written and totally clear eyed account of his pilgrimage will have you wondering whether we should all embark on such a journey either of the body the soul or as in Egan's case both Cokie Roberts Egan draws us in making us feel frozen in the snow covered Alps joyful in valleys of trees with low hanging fruit skeptical of the relics of embalmed saints and hopeful for the healing of his encrusted toes so worn and weathered from their walk The Washington Post Moved by his mother's death and his Irish Catholic family's complicated history with the church Timothy Egan decided to follow in the footsteps of centuries of seekers to force a reckoning with his own beliefs He embarked on a thousand mile pilgrimage through the theological cradle of Christianity to explore the religion in the world that it created Egan sets out along the Via Francigena once the major medieval trail leading the devout to Rome and travels overland via the alpine peaks and small mountain towns of France Switzerland and Italy accompanied by a quirky cast of fellow pilgrims and by some of the towering figures of the faith Joan of Arc Henry VIII Martin Luther The goal walking to St Peter's Square in hopes of meeting the galvanizing pope who is struggling to hold together the church through the worst crisis in half a millennium A thrilling journey a family story and a revealing history A Pilgrimage to Eternity looks for our future in its search for God **Walking Italy** Rachael Martin, 2024-12-30 Walking holidays have become more popular and it certainly looks like they're here to stay In 2022 Mintel found that walking is the UK's most popular active holiday while in June 2023 the New York Times ran a headline that claimed 2023 as the year of the walk Whether it's setting off on a long walk or going walking for the day it doesn't get much

better than doing it in Italy Italy has it all mountains hilltop towns medieval squares olive groves vineyards Renaissance art routes which speak the stories of people and places This is a book about walking that s not necessarily for walkers It s for those who love walking and go regularly but it s also aimed at beginners those of us who enjoy a walk followed by lunch or dinner in a medieval square and a night at a cosy B B Maybe you ll never actually go on any of the walks This is also the book for you It s full of the history and stories of routes and places so you can go on your own journey from the comfort of your living room It gives you all the relevant links you ll need such as up to date maps detailed routes GPS navigation updates further reading and advice on the walking itself Start reading start dreaming and maybe you too could be walking through Italy soon **Index to Book Reviews in Religion** ,1987 Describing the City, Describing the State Sandra

Toffolo,2020-07-15 In *Describing the City Describing the State* Sandra Toffolo presents a comprehensive analysis of descriptions of the city of Venice and the Venetian Terraferma in the Renaissance when the Venetian mainland state was being created Working with an extensive variety of descriptions the book demonstrates that no one narrative of Venice prevailed in the early modern European imagination and that authors continuously adapted geographical descriptions to changing political circumstances This in turn illustrates the importance of studying geographical representation and early modern state formation together Moreover it challenges the long standing concept of the myth of Venice by showing that Renaissance observers never saw the city of Venice and the Venetian Terraferma in a monolithic way *Religious*

Pilgrimage Routes and Trails Daniel H Olsen,Anna Trono,2018-05-30 For millennia people have travelled to religious sites for worship initiatory and leisure purposes Today there are hundreds if not thousands of religious pilgrimage routes and trails around the world that are used by pilgrims as well as tourists Indeed many religious pilgrimage routes and trails are today used as themes by tourism marketers in an effort to promote regional economic development An important resource for those interested in religious tourism and pilgrimage this book is also an invaluable collection for academics and policy makers within heritage tourism and regional development
