Join the party at worldparty.roughguides.com **The Pilgrims of Plimoth** Marcia Sewall, 2014-07-08 Aye Governor Bradford calls us pilgrims. We are English and England was our home. But our lives were ruled by King James and for many years it seemed as though our very hearts were in prison in England. September 1620 our lives changed. We were seventy menfolk and womenfolk, thirty-two good children, a handful of cocks and hens, and two dogs gathered together on a dock in Plymouth, England, ready to set sail for America in a small ship called the Mayflower. In a text that mirrors their language and thoughts, Marcia Sewall has masterfully recreated the coming of the pilgrims to the New World and the daily flow of their days during the first years in the colony they called Plimoth. And in stunning light-filled paintings she brings to brilliant life that important era in American history **Guests of God** Robert Bianchi, 2008-03-25 Each year about two million pilgrims from over 100 countries converge on the Islamic holy city of Mecca for the hajj. While the hajj is first and foremost a religious festival, it is also very much a political event. No government can resist the temptation to manipulate the hajj for political and economic gain. Every large Muslim state has developed a comprehensive hajj policy and a powerful bureaucracy to enforce it. The Muslim world's leading multinational organization, the Organization of the Islamic Conference, has established the first international regime explicitly devoted to pilgrimage. Yet Robert Bianchi argues no secular or religious authority, national or international, can really control the hajj. State-sponsored pilgrimage management consistently backfires, giving government opponents valuable ammunition and allowing them to manipulate the symbols and controversies of the hajj to their own ends. Bianchi has been researching the hajj for over ten years and draws on interviews with and data from hajj directors in five Muslim countries: Pakistan, Malaysia, Turkey, Indonesia, and Nigeria; statistics from Saudi Arabian hajj authorities; as well as his personal experience as a pilgrim. The result is the most complete picture of the hajj available anywhere and a wide-ranging work on Islam, politics, and power **The Library of the Palestine Pilgrims' Text Society**, 1896 The Gold Star Mother

The Levelling Michael O'Sullivan, 2019-05-28 A brilliant analysis of the transition in world economics finance and power as the era of globalization ends and gives way to new power centers and institutions The world is at a turning point similar to the fall of communism Then many focused on the collapse itself and failed to see that a bigger trend globalization was about to take hold The benefits of globalization through the freer flow of money people ideas and trade have been many But rather than a world that is flat what has emerged is one of jagged peaks and rough deep valleys characterized by wealth inequality indebtedness political recession and imbalances across the world s economies These peaks and valleys are undergoing what Michael O Sullivan calls the levelling a major transition in world economics finance and power What s next is a levelling out of wealth between poor and rich countries of power between nations and regions of political accountability from elites to the people and of institutional power away from central banks and defunct twentieth century institutions such as the WTO and the IMF O Sullivan then moves to ways we can develop new pragmatic solutions to such critical problems as political discontent stunted economic growth the productive functioning of finance and political economic structures that serve broader needs The Levelling comes at a crucial time in the rise and fall of nations It has special importance for the US as its place in the world undergoes radical change the ebbing of influence profound questions over its economic model societal decay and the turmoil of public life
