Pimlico Companion To Parliament:

Pimlico Companion to Parliament Chris Silvester, 1997-12-31 *The Pimlico Companion to Parliament* Christopher Silvester, 1997 George Canning describes his maiden speech in 1794 Benjamin Disraeli the vote that brought down Sir Robert Peel's administration in 1845 William Jerdan witnesses the assassination of a prime minister Spencer Percival in 1812 whilst diaries such as Charles Greville Harold Nicolson and Chips Channon record their time as MPs The old refreshment parlour Bellamy's Kitchen is described by Charles Dickens and other visitors include Thomas Carlyle Nathaniel Hawthorne Virginia Woolf and George Orwell Here also are writings by lesser known individuals containing witty dramatic or moving reflections on an institution whose wealth of history and tradition is as absorbing as it is unique In the immortal words of Chris Patten I have been gob-smacked by the quality of the book I can't think of a better book to give to anyone remotely interested in Parliament David Mellor EVENING STANDARD Wonderful nobody who is was or ever hopes to be an MP and nobody who has ever been touched by the curious alchemy of the place can fail to be drawn by Silvester's collection Matthew Parris SUNDAY TIMES **The House of Commons** Emma Crewe, 2020-05-31 The House of Commons is one of Britain's mysterious institutions constantly in the news yet always opaque In this ground-breaking anthropological study of the world's most famous parliament Emma Crewe reveals the hidden mechanisms of parliamentary democracy Examining the work of Members of Parliament including neglected areas such as constituencies and committees this book provides unique insights into the actual lives and working relationships of parliamentarians Why do the public loathe politicians but often love their own MP the author asks The antagonistic facade of politics irritates the public who tend to be unaware that backstage democracy relies on MPs consulting compromising and cooperating across political parties far more than is publicly admitted As the book shows this is only one of myriad contradictions in the labyrinths of power Based on unprecedented access and two years of interviews and research in the Palace of Westminster and MPs constituencies *The House of Commons An Anthropology of MPs at Work* challenges the existing scholarship on political institutions and party politics Moving beyond the narrow confines of rational choice theory and new institutionalism Emma Crewe presents a radical alternative to the study of British politics by demonstrating that all of its processes hinge on culture ritual and social relations A must read for anyone interested in political anthropology politics or the Westminster model **Dod's Parliamentary Companion**, 1885

Parliament and Congress William McKay, Charles W. Johnson, 2010-06-03 In *Parliament and Congress* the constitutional background and the procedures are described and where possible compared in an entirely fresh look at the two legislatures Though their constitutional positions and development are quite distinct they nevertheless have much in common historically and face many of the same contemporary problems **Lords of Parliament** Emma Crewe, 2005-11-29 This work marks the first time a researcher has had largely unlimited access and every significant aspect of the Upper Chamber has been scrutinized The result is a unique portrait packed with the unexpected of a surprising institution which is becoming

increasingly influential Meticulous scholarship is combined with clarity in explanation to produce a work that helps to bridge the gap between anthropology and political science **Inside the Political Mind** Greg Power,2024-02-01 Drawing on his experience of working with hundreds of politicians in more than sixty countries Greg Power explores how social norms public expectations and the personal interests of MPs influence the path of political development Where states are weak politicians solve problems by going around the state From Tanzania and Nepal to Iraq and Ukraine voters actually want MPs who can find informal fixes and a reciprocal logic holds the system in place But this also means that weak institutions tend to stay weak Combining insights from behavioral economics change management and comparative politics this fascinating book argues for a different approach to political reform one concerned less with institutional design and more with the existing logic of human behavior One that starts inside the political mind and works outwards from there **An Extraordinary Scandal** Emma Crewe,Andrew Walker,2020-03-15 A parliamentary scandal that dominates the headlines The resignation of major party figures Commentators and citizens wondering if the British government and the people s faith in it will survive Before Brexit another major crisis rocked the foundation of government in the country the expenses scandal of 2009 Featuring interviews with the members of parliament journalists and officials close to the center of the turmoil An Extraordinary Scandal tells the story of what really happened Andrew Walker the tax expert who oversaw the parliamentary expenses system and Emma Crewe a social scientist specializing in the institutions of parliament bring fascinating perspectives from both inside and outside parliament to this account Far from attempting provide a defense of any the parties involved An Extraordinary Scandal explains how the parliament fell out of step with the electorate and became a victim of its own remote institutional logic growing to become at odds with an increasingly open meritocratic society Charting the crisis from its 1990s origins when Westminster began too slowly to respond to wider societal changes to its aftermath in 2010 the authors examine how the scandal aggravated the developing crisis of trust between the British electorate and Westminster politicians that continues to this day Their in depth research reveals new insight into how the expenses scandal acted as a glimpse of what was to come and they reveal where the scandal s legacy can be traced in the new age of mistrust and outrage in which politicians are often unfairly vulnerable to being charged in the court of public opinion by those they represent **Dod's Parliamentary Companion** ,2007 **Politico's Guide to Parliament** Susan Child,1999 **Dickens the Journalist** J. Drew,2003-10-16 Dickens s career as a journalist spanned four decades during which he wrote over 350 articles reports sketches reviews leaders expos s satires and reminiscences This project offers the first critical guide to over a million words of vintage Dickens which have been much overlooked in continuous assessments and re assessments of his novels It provides both a biographical and socio historical account of the main phases of Dickens s career as a journalist and a critical assessment of the thematic and stylistic development of his work **Vacher's Parliamentary Companion** ,2003 **Oratory in Action** Michael Edwards,Christopher Reid,2004-07-23 This book examines the power and

possibilities of public speaking ranging from the oratory of the Athenian law courts to the political oratory of New Labour A distinctive feature of the book is its conception of the orator as a performer and practitioner and of oratory itself as a form of action Historically the power of eloquence to rouse and influence an audience made the orator a controversial figure whose rhetorical skills provoked suspicion and awe in almost equal measure These essays show how orators exploit those skills in their attempts to shape the external world of opinion and fact They also show how the speech itself may be considered as a linguistic event or way of happening which seeks to bind the orator and the audience in prized moments of connection

Political and sartorial styles Kevin A. Morrison, 2023-02-14 Starting with the premise that clothing is political and that analysing clothing can enhance understanding of political style this collection explores the relationships among political theory dress and self presentation during a period in which imperial and colonial empires assumed their modern form Organised under three thematic clusters the volume s chapters range from an analysis of the uniforms worn by West India regiments stationed in the Caribbean to the smock frock donned by rural agricultural labourers and from the self presentations of members of parliament political thinkers and imperial administrators to the dress of characters and caricatures in novels paintings and political cartoon With its interdisciplinary approach the book will appeal to nineteenth century cultural and social historians and literary critics as well as advanced undergraduate and postgraduate students whose research and teaching interests include gender politics material culture and imperialism

Churchill, the Liberal Reformer Duncan Marlor, 2024-06-30 Winston Churchill is handed down the generations reinvented in the process to suit current controversies He has been many things presently a talisman of the political right a war hero of conservative outlook who saved his country on the left he is a reactionary imperialist a warmongering oppressor of the workers Both sides would be surprised by a time trip to the sensation filled years of 1910 and 1911 They would find a modernist progressive cordially loathed by the Tories carrying through programs of social reform and making the prison system more humane declaring to Parliament that even convicted offenders have rights and that how a state treats them determines the level of its civilisation A long serving Permanent Under Secretary at the Home Office reckoned that Churchill s policies which his successors continued halved the prison population During the last third of the twentieth century and into the next rehabilitation has gone into reverse Prison numbers have soared as the punitive approach has reasserted itself now laced with political populism This book looks at that story in the context of the paradoxical career of Churchill the Liberal Reformer

Fatal Fortnight Duncan Marlor, 2014-06-30 Much has been published about how Britain s ruling circle came to its decision for war in 1914 but little about what rank and file Members of Parliament thought and did as the continental Armageddon drew closer Fatal Fortnight tells the story of Arthur Ponsonby and his backbench Liberal Foreign Affairs Committee The book describes the suspense around Parliament as the skies darkened It tells how after the Foreign Secretary made his proposal that Britain should go in Ponsonby s friend Philip Morrell stood up and called for a general debate in the teeth of the fury of

those who wanted Britain to get straight into the war It describes how the neutralists led by Ponsonby made their passionate case in the fateful hours as Britain hung between peace and war The book looks at the concealment from Parliament of the military understanding with France and the issues of war and democracy which are still with us today It re examines the arguments and reflects on how the world might have been had the 1914 decision gone a different way Alongside the political drama a human story emerges of how family support for Ponsonby and his allies sustained them as the world closed in

The Literary Review ,2002 Obscure Scribblers Andrew Sparrow,2003 Sparrow s account of over three centuries of Parliamentary reporting brings in literary giants such as Samuel Johnson and Charles Dickens who worked as a reported in Parliament in the 1830s as well as covering major developments in how reporting was carried out and press coverage

Lords of Creation Margaret Cook,2002 In this highly controversial book Margaret Cook undertakes a fascinating study of the patterns of behaviour of men in power throughout history The results are alarming the demeanour of elected rulers tyrants and military leaders bears astonishing similarities and converges on a dangerous path towards egocentrism and iron control spreading mayhem along the way Lord Acton stated that power tends to corrupt but Margaret Cook concludes that it actually causes men to revert to primitive patterns of conduct dustjacket **Whitaker's Books in Print** ,1998
