Pink And The Green With Mina De Vanghel:

Pink and the Green; Followed By, Mina de Vanghel Stendhal, 1988-06 **Stendhal's Less-Loved Heroines** Maria C. Scott, 2017-12-02 Stendhal's most independent heroines are usually disliked or marginalized by critics. However, when gender-neutral criteria are applied, Mina de Vanghel, Vanina, Mathilde de La Mole, and Lamie can all be shown to enact extraordinary experiments in freedom. These experiments are all the more remarkable in view of the gender of their agents, the historical situation of the author (1783-1842), and the conventions of the literary movement that his fiction helped to found: realism. Simone de Beauvoir's 1949 study of Stendhal's heroines gives preference to the reserved females over his Amazons. But existentialism, as a philosophy of freedom, also enables a reading of the self-determining heroines that acknowledges the superiority of their choices, their resistance, and counterplots; their paradoxical authenticity; their rejection of seriousness; and their assumption of responsibility for the routes they plot. *Stendhal* Francesco Manzini, 2019-10-15 This is a book about the life and work of a singular writer, an author well known for his biographies and travel writing but most famous for his novels *The Red and the Black* and *The Charterhouse of Parma*. As a child, Stendhal witnessed the unfolding of the French Revolution; as a young man, he served Napoleon first as a soldier and then as an administrator; and as a middle-aged man, he made it his task not to pursue his career but instead to take as much paid leave as possible in order to be free and to be happy and to write. Stendhal's works often take the form of conversations with his readers, the "Happy Few" as he called them, about the things that matter most. He once claimed that he spent the majority of his life carefully considering five or six main ideas. This book makes clear what those main ideas were, why they mattered to Stendhal, and why they continue to matter to all of us. **The Charterhouse of Parma** Stendhal, 1999 *The Charterhouse of Parma* (1839) is a compelling novel of passion and daring, of prisons and heroic escape, of political chicanery and sublime personal courage. Set at the beginning of the nineteenth century amidst the golden landscapes of northern Italy, it traces the joyous but ill-starred amorous exploits of a handsome young aristocrat called Fabrice del Dongo and of his incomparable aunt Gina, her suitor Prime Minister Mosca, and Clélia, a heroine of ethereal beauty and earthly passion. These characters are rendered unforgettable by Stendhal's remarkable gift for psychological insight. Never before have the hearts of princes, ministers, courtiers, and women been depicted like this, wrote Honoré de Balzac. Stendhal's tableau has the dimensions of a fresco but the precision of the Dutch masters. The great achievement of *The Charterhouse of Parma* is to conjure up the excitement and romance of youth while never losing sight of the harsh realities which beset the pursuit of happiness, nor the humour and patient irony with which these must be viewed. This new translation captures Stendhal's narrative verve, while the Introduction explores the novel's reception and the reasons for its enduring popularity and power. **Stendhal** Roger Pearson, 2014-09-11 Both critic and writer, Stendhal has now become established as one of realism's founding fathers. Dr. Pearson's book maps out for the first time the critical reception of Stendhal's two most widely read novels, *The Red and the Black* and *The Charterhouse of Parma*.

since their publication in 1830 and 1839 respectively In part one he provides generous samples of the most important nineteenth century responses to the novels almost all of them translated into English for the first time Part two presents a full range of the most authoritative and influential readings since 1945 which illustrate a wide variety of critical approaches

The Red and the Black Stendhal,1998 In this fast moving novel of post Napoleonic France Julien Sorel s plans to reach the higher echelons of society through the priesthood are deflected by his realization that the attainment of happiness is of greater consequence than the pursuit of ambition
